Pass Computer Hacking Forensic Investigator in First Attempt. EC Council Electronic money laundering, online vandalism, extortion, and terrorism, sales and investment frauds, online fund transfer frauds, email spamming, identity theft, confidential data stealing, etc. are some of the terms we come across every day, and they all require no explanation. Internet indisputably has been one of the greatest inventions of mankind, but no progress was ever achieved without hurdles on highways, and the same goes for the gift of Kahn and Cerf. As the number of internet users, along with stats of cybercrime, continues to grow exponentially day after day, the world faces a shortage of professionals who can keep a check on the online illegal criminal activities. This is where a CHFI comes into play. The EC Council Certified Hacker Forensic Investigators surely enjoy the benefits of a job which makes them the James Bond of the online world. Let's have a quick glance on the job responsibilities of a CHFI. A complete investigation of cybercrimes, laws, overthrown, and study of details required to obtain a search warrant. A thorough study of various digital evidence based on the book laws and the category of the crime. Recording of the crime scene, collection of all available digital evidence, securing and transporting this evidence for further investigations, and reporting of the entire scene. Recovery of deleted or corrupted files, folders, and sometimes entire partitions in any available electronic gadget. Using Access Data, FTK, Encase, Stenography, Steganalysis, as well as image file forensics for investigation. Cracking secure passwords with different concepts and password cracks to gain access to password-protected directories. Investigation

of wireless attacks different website attacks and tracking emails from suspicious sources to keep a check on email crimes
