Time, Technology and Narrative Form in Contemporary US Television Drama JP Kelly, 2017-10-09 This book examines how television has been transformed over the past twenty years by the introduction of new viewing technologies including DVDs DVRs and streaming services such as Netflix Hulu and Amazon Prime It shows that these platforms have profoundly altered the ways we access and watch television enabling viewers to pause rewind record and archive the once irreversible flow of broadcast TV JP Kelly argues that changes in the technological landscape of television has encouraged the production of narrative forms that both explore and embody new industrial temporalities Focusing on US television but also considering the role of TV within a global marketplace the author identifies three distinct narrative temporalities acceleration 24 Prison Break complexity Lost FlashForward and retrospection Mad Men Through industrial textual analysis of television shows this cross disciplinary study locates these narrative temporalities in their socio cultural contexts and examines connections between production distribution and narrative form in the contemporary television industry

Chick TV Yael Levy, 2022-03-14 Tony Soprano Don Draper and Walter White ushered in the era of the television antihero with compelling narratives and complex characters While critics and academics celebrated these characters the antiheroines who populated television screens in the twenty first century were pushed to the margins and dismissed as chick TV In this volume Yael Levy advances antiheroines to the forefront of television criticism

revealing the varied and subtle ways in which they perform feminist resistance Offering a retooling of gendered media analyses Levy finds antiheroism not only in the morally questionable cop and tormented lawyer but also in the housewife and nurse who inhabit more stereotypical feminine roles By analyzing *Girls Desperate Housewives Nurse Jackie Being Mary Jane Grey s Anatomy Six Feet Under Sister Wives* and the *Real Housewives* franchise Levy explores the narrative complexities of chick TV and the radical feminist potential of these shows

Pascalian Fictions Van Kelly, 1992 *Pascalian Fictions* presents the thesis that in fragments 135 and 418 in *Lafuma s* edition and a fortiori throughout the *Pensées* we see a coherent dialectic with Descartes and Cartesian thought Kelly asserts that these two fragments contain a strident and active attempt on the part of Pascal to grapple with and subvert Descartes s ontological premises and to replace them with categories more germane to his system of Christian apologetics Kelly s work focuses via an innovative analysis of structure form and syntax on narrative fiction as a mode of discourse in the *Pensées* and particularly in the famous *pari* **Cinematic Storytelling** Jennifer Van Sijll, 2005 Dialog is one of the best known and obvious elements in a film But the language of cinema is more subtle and sophisticated than dialog alone From *Metropolis* to *Kill Bill* this remarkable reference guide reveals 100 of the most potent storytelling tools of the film medium It demonstrates how master screenwriters and directors depend on cinematic devices to pump up action create characters and energize a motion picture s plot *Cinematic Storytelling* compresses 100 years of film history outlining the important connection between film technique and storytelling It shows how the purposeful use of film techniques like lighting editing and sound can evoke audience emotions like fear hatred or anger without a word of dialog It demonstrates how character values and themes are expressed cumulatively over time and nonverbally In this the reader is given both the critical tools to better understand modern moviemaking and the creative tools to more fully exploit the dramatic potential of the medium **BOOK JACKET**

Spanish Film and the Postwar Novel Norberto Minguez-Arranz, 2002-12-30 The novel and the film are two modes of representation based on different aesthetic tools but both are capable of articulating narrative discourses In *Spanish Film and the Postwar Novel* author Norberto Minguez Arranz offers a comparative analysis of the methods and mechanisms with which the novel and the film build their stories A theoretical framework that that puts into perspective such concepts as

specificity representation and point of view gives way to a comparative study of five Spanish postwar novels and their respective film adaptations *The Family of Pascual Duarte* *Time of Silence* *The Hive* *El Bosque Animado* and *Nuevas Amistades* Revealing the existence of cinematic features of the novel and literary features of the cinema the author examines the ways in which this interdependence has become a permanent aspect of both arts with mutual influences and a great deal of nonexclusivity of properties By using this particular time and place as his locus of analytical thought Minguez Arranz provides an invaluable examination of two of this century's major creative forms *CSS Web Site Design* Eric A.
