

## The American System Study Guide Answer Key

### Chapter 14

#### 1. How did the American System differ from the British System?

While Britain's free trade policies of the early 19th century favored industrial nations with a large navy, the American system favored the industrial nations without the navy while also providing protection to American manufacturers. The American system had a tariff on the raw cotton, the other major stage of manufacturing through which the American system made its manufacturing and textile products. Most industrial nations, except for the United States, had a tariff on raw cotton.
