### EQUAL EMPLOYMENT & DRUG FREE STATEMENTS

The state of California is an equal opportunity employer to all, regardless of age, ancestry, color, disability (mental and physical), exercising the right to family care and medical leave, gender, gender expression, gender identity, genetic information, marital status, medical condition, military or veteran status, national origin, political affiliation, race, religious creed, sex (includes pregnancy, childbirth, breastfeeding and related medical conditions), and sexual orientation.

It is the objective of the state of California to achieve a drug-free state work place. Any applicant for state employment will be expected to behave in accordance with this objective because the use of illegal drugs is inconsistent with the law of the state, the rules governing civil service and the special trust placed in public servants.

### WHO CAN APPLY

Persons who meet the minimum qualifications by the announced out-off date located on the Examinations Page of the OAG website ([oag.ca.gov](http://oag.ca.gov)). Applicants must have a permanent civil service appointment with the Department of Justice within three years of the final filing date in order to take this examination. Employees who have limited-term appointments in the department for which the examination is being given (provided they have had a permanent appointment and no subsequent break in service) are allowed to participate in departmental promotional examinations in the department. Otherwise, employees must be:

- 1) A current or former employee of the legislature for two or more years as defined in government code (GC) section 18990; OR
- 2) A current or former non-elected exempt employee of the executive branch with two or more consecutive years (excluding those positions for which salaries are set by statute) as defined in GC section 18992; OR
- 3) Persons retired from the united states military, honorably discharged from active military duty with a service-connected disability, or honorably discharged from active duty as defined in GC section 18991.

set this parameter equal to yes default if the substructure eigenproblem needs to be solved during substructure generation in

abaqus substructure eigenvectors can be used to define substructure modal damping for a given substructure abaqus standard will evaluate the stiffness associated with frequency dependent springs and dashpots at

*1 16 1 analysis of a frame using substructures* - Mar 13 2023

the purpose of this example is to provide basic demonstration and verification of the substructuring capabilities in abaqus problem description the example is a frame consisting of two columns connected by a beam figure 1 16 1 1 the columns and the beam are each modeled with 10 elements of type b21 once a substructure has been
