

# An Introduction to International Law

---

- Basis of International Law
  - Common consent
  - It cannot mean that all states must at all times expressly consent to every part of the body of rules constituting international law, for such common consent could never in practice be established.

# An Introduction To International Law

**Robert Cryer, Håkan Friman, Darryl  
Robinson, Elizabeth Wilmshurst**

## **An Introduction To International Law:**

**An Introduction to International Law** Mark W. Janis, 1988 The book discusses the international legal rules international legal processes and the role of international law in international relations [A critical introduction to international law](#) Olivier Corten, François Dubuisson, Vaios Koutroulis, 2024-10-09 Is international law universal Can it be anything else than the will of the actors who are able to impose on others their values and interests Beyond the strategic objectives that can be pursued by a lawyer pleading before a court a state representative operating in an international organization or addressing the general public an author seeking recognition or a citizen interested in the law since international law cannot be interpreted objectively can it at least be interpreted in a convincing and well argued way These are the questions that underlie this book which following a critical approach emphasizes the profound ambivalence of international law International law appears to be torn between in the one hand the pursuit of a universalist ideal of justice and peace and on the other the need to deal with power relations in a political context From this perspective it would be futile to claim to establish and even less to discover one single correct interpretation of legal rules such as for example the right to self determination the principle of non intervention or the prohibition of genocide It is however possible to provide an overview of the main debates among states other international actors or among legal scholars relating to the interpretation of the main rules of international law In the book these debates are illustrated by references to popular culture in particular music and films The ambition of this book is to enable the reader on the basis of these elements firstly to position himself or herself by selecting and defending the arguments that seem most convincing and secondly and more fundamentally to understand the legal and political terms of the controversies in international law This revised second edition includes updates in case law and practice from the war in Ukraine to the war in Gaza as well as legal developments related to climate change

**A Short Introduction to International Law** Emmanuelle Tourme Jouannet, 2014-11-13 In our globalised world the sources and actors of international law are many and its growth prolific and disorderly International law governs the actions of states on matters as long established as diplomatic immunity or as recent as the War on Terror and it now impacts upon the lives of ordinary citizens in areas as diverse as banking and investment public health and the protection of the environment In this accessible introduction Emmanuelle Tourme Jouannet explains the latest developments in international law in the light of its history and culture presenting it as an instrument both for dominance and for change that adjusts and balances the three pillars of the United Nations Charter the prohibition of the use of force economic social and sustainable development and human rights *An Introduction to Public International Law* Cecily Rose, Niels Blokker, Daniëlla Dam-de Jong, Simone van den Driest, Robert Heinsch, Erik Koppe, Nico Schrijver, 2022-03-03 Provides an accessible balanced and nuanced introduction to public international law with examples of how the law applies in practice *An Introduction to International Law* Benedetto Conforti, Angelo Labella, 2012-01-05 National judges are a sort of propelling force behind

international law to the extent that they perceive the need to realize that international solidarity which is too often lacking at the level of governments Hence they are the principal addressees of this book

**Introduction to International Law** Marek St. Korowicz, 2013-06-29 This book in its entirety as well as in each of its parts is an outline of the problems under discussion The subject matter of some eighty sections of the book is extensive it could indeed be presented by experts in as many volumes This study offers an attempt to formulate a synthesis however difficult of the vast amount of available material Unlike the well known standard Introductions to International Law which deal with all the major fields of international law this book treats exclusively the present conceptions of that law as expressed in legal literature international treaties and other agreements international judgements and awards governmental and diplomatic statements and the like Special attention is devoted in several chapters of the book to the teachings of the most highly qualified publicists of the various nations which are considered by Article 38 paragraph 1 d of the Statute of the International Court of Justice as subsidiary means for the determination of rules of law An endeavor is made to ascertain whether in certain fields of the theory of international law a *Communis opinio doctorum* has either been reached or is in the process of achievement Some readers may consider that there are too many quotations from writings of publicists others will certainly feel as does this writer that too many outstanding international lawyers have not been included

**A critical introduction to international law** Olivier Corten, François Dubuisson, Vaios Koutroulis, Anne Lagerwall, 2019-10-17 [Akehurst's Modern Introduction to International Law](#) Peter Malanczuk, 2002-04-12 First published in 2002 Routledge is an imprint of Taylor Francis an information company

**An Introduction to International Organizations Law** Jan Klabbers, 2015-04-23 The third edition of this market leading textbook previously called *An Introduction to International Institutional Law* is written in a clear three part structure It is centred on the dynamics of the relationships between international organisations and their organs staff and the outside world It discusses the essential topics of the law of international organisations including powers finances and privileges and immunities as well as membership rules institutional structures and accountability The newly revised text has been updated extensively to reflect the entry into force of the EU's Lisbon Treaty and Croatia's accession and new articles on the responsibility of international organisations The chapters have also been reorganised for further clarity Two new chapters on the international civil service and the relations between organisations and other institutions respectively have been added

**Law Among Nations** James Larry Taulbee, Gerhard von Glahn, 2017-01-12 Offering a more accessible alternative to casebooks and historical commentaries *Law Among Nations* explains issues of international law by tracing the field's development and stressing key principles processes and landmark cases This comprehensive text eliminates the need for multiple books by combining discussions of theory and state practice with excerpts from landmark cases The book has been updated in light of the continuing revolution in communication technology the dense web of linkages between countries that involve individuals and bodies both formal and informal and covers important and controversial areas such as human

rights the environment and issues associated with the use of force Renowned for its rigorous approach and clear explanations Law Among Nations remains the gold standard for undergraduate introductions to international law New to the Eleventh Edition Added or expanded coverage of timely issues in international law Drones and their use in the air and in space Immigration Islamic views of international law Inviolability and the difference between diplomatic immunity and sovereignty in light of the Benghazi attack Thoroughly rewritten chapters in areas of great change International criminal law Just war and war crime law New cases statutes and treaties on many subjects [A Concise Introduction to International Law](#) TANZI ATTILA MASSIMILIANO ENRICO,2022-11-18 This concise textbook provides a broad picture of the basic rules governing the legal organisation and functioning of the international society of states Namely its subjects sources the consequences of breaches of the law dispute settlement and its relation to domestic jurisdictions A broad brush illustration is also given of key bodies of substantive international law with special regard to the law of the sea environmental law human rights law investment and trade law international criminal law jurisdictional immunities and migration law The slim format of the book purports to complement by way of introduction the specific syllabus which may be chosen by teachers It is also meant to embolden domestic attorneys to realise the entanglement between international law and many of the legal rules they interpret and apply on a daily basis Method wise international law is presented here following no particular doctrinal approach but according to the way international law is pleaded before and applied by international and domestic courts and tribunals **Introduction to International Law** Marek Stanisław Korowicz,1959 **A Concise Introduction to International Law** Attila Tanzi,2019 This textbook provides an overview of the functioning international law rather than the full knowledge of the immense developments of international law of the last decades concerning the regulation of its subjects sources state responsibility the means of dispute settlement and the ever increasingly problematic relation to domestic jurisdictions and the numerous branches of substantive international law such as the law of the sea environmental law human rights law investment and trade law international criminal law and jurisdictional immunities amongst others The extreme concision book is aimed to provide an incentive for the students at first degree level to study the subject while purporting to complement the specific syllabus which may be chosen by the teacher of the PIL module The basic character of the narrative is also meant to embolden domestic attorneys to realise how intertwined with international law are the rules and institutions they interpret and apply on a daily basis and how many more arguments they could plead before a domestic court if they were aware of this **An Introduction to International Law** Wesley L. Gould,1957 [Starke's International Law](#) J. G. Starke,1989 **An Introduction to International Criminal Law and Procedure** Robert Cryer,Håkan Friman,Darryl Robinson,Elizabeth Wilmshurst,2014-06-12 By offering both a comprehensive update and new material reflecting the continuing development of the subject this continues to be the leading textbook on international criminal law Its experienced author team draws on its combined expertise as teachers scholars and practitioners to offer an authoritative survey of the

field The third edition contains new material on the theory of international criminal law the practice of international criminal tribunals the developing case law on principles of liability and procedures and new practice on immunities It offers valuable supporting online materials such as case studies worked examples and study guides Retaining its comprehensive coverage clarity and critical analysis it remains essential reading for all in the field *Akehurst's Modern Introduction to International Law* Alexander Orakhelashvili, 2022-02-28 First published in 1970 Akehurst's *Modern Introduction to International Law* rapidly established itself as a widely used and successful textbook in its field Being the shortest of all the major textbooks in this area it continues to offer a concise and accessible overview of the concepts themes and issues central to the growing system of international law while retaining Akehurst's original positivist approach that accounts for the essence and character of this system of law This new ninth edition has been further revised and updated by Alexander Orakhelashvili to take account of a plethora of recent developments and updates in the field accounting for over forty decisions of international and national courts as well as a number of treaties and major incidents that have occurred since the eighth edition of this textbook was published Based on transparent methodology and with a distinctive cross jurisdictional approach which opens up the discipline to students from all backgrounds this engaging well structured and reputable textbook will provide students with all the tools methods and concepts they need to fully understand this complex and diverse subject It is an essential text for all undergraduate and postgraduate students of international law government and politics and international relations This book is one of the only textbooks in international law to offer a fully updated bespoke companion website [www.routledge.com/cw/orakhelashvili](http://www.routledge.com/cw/orakhelashvili) **An Introduction to International Law** J. G. Starke, 1965

[Introduction to International Relations](#) Joseph Grieco, G. John Ikenberry, Michael Mastanduno, 2026-02-19 This fourth edition equips undergraduates with the analytical frameworks and empirical evidence necessary to examine the questions most central to the field of international relations **An Introduction to International Relations** Richard Devetak, Anthony Burke, Jim George, 2011-10-17 Invaluable to students and those approaching the subject for the first time *An Introduction to International Relations* Second Edition provides a comprehensive and stimulating introduction to international relations its traditions and its changing nature in an era of globalisation Thoroughly revised and updated it features chapters written by a range of experts from around the world It presents a global perspective on the theories history developments and debates that shape this dynamic discipline and contemporary world politics Now in full colour and accompanied by a password protected companion website featuring additional chapters and case studies this is the indispensable guide to the study of international relations
