

The background of the slide features a complex control system diagram. It consists of several interconnected blocks and loops. At the top, there are two circular elements, possibly representing sensors or actuators, connected to a central rectangular block. Below this, a series of interconnected blocks and lines form a network. A prominent feature is a large, multi-loop structure on the right side, which appears to be a feedback control system. The diagram is rendered in a light blue color against a white background.
