

International MaxxForce 15 (All Years) Fault Codes

~~APRIL 28, 2018~~ APRIL 28, 2018 - ADMIN

This engine was only in production for several years. First announced in 2009, it was put into production and placed into trucks by August 2011. However, this engine was very short lived due to its ability to not meet engine requirements that it was announced in September 2012 that it would be discontinued. If you are unfortunate enough to have one of these engines, you'll want the detailed troubleshooting for them as they are nothing but problems on the over 250 codes you could possibly receive.

Trucker Runner Chito Peppler, 2021-10-12 As a recent Navy retiree Chito Peppler wanted to do something different He attended George Washington University to earn an MBA and left with a diploma and with a food tech startup called RUNINOut After running his company for five years he had saturated the local market

Hosting meetups was too time consuming so It was time to take RUNINOut on the road What better way to do that than to become a truck driver and make some money on the side He attended trucking school in Middletown VA and spent many nights sleeping in my car near the foothills of the Shenandoah Then during a period of a year and a half he worked for three different companies and picked up the requisite skills to be an over the road trucker He then decided to purchase his own truck and drive power only pulling other people s trailers But before starting his trucking company he would attend diesel tech training at North American Trade Schools in Baltimore MD Trucking in a semi truck is living the good life No boring meetings No pesky bosses to haggle you And when you get tired of the scenery you just get up and go Would Chito find life fun and exciting Or would there be hazards and dangers in the road ahead
