Yonfan's Bugis Street Kenneth Chan, 2015-10-01 Bugis Street was famous or notorious for being a haunt of transgender prostitution in the early decades of postcolonial Singapore Since then the site has been a source of touristic obsession and local cultural anxiety In his 1995 film Bugis Street director Yonfan brings the short lane back to vivid cinematic life By focusing on the film s representations of queer sexualities and transgender experience this book contends that the under appreciated Bugis Street is a significant instance of queer transnational cinema The film s playful yet nuanced articulations of queer embodiment spatiality and temporality provide an unexpected intervention in the public discourses on LGBT politics activism and cultures in Singapore today This book s arrival at a much more complicated and contradictory picture of the discursive Bugis Street through the examination of Yonfan s film and a range of other cultural and literary texts adds a new critical dimension to the ongoing historical geographical sociological ethnographic and artistic analyses of this controversial space
