*The Dollar* Ariel Wilkis, Mariana Luzzi, 2023-12-01 Originally published in Argentina in 2019 and now finally available in English. Luzzi and Wilkis's acclaimed book traces the history of the economic social and political relevance of the dollar in Argentina and its popularization over the years. How did the dollar come to play such a leading role in Argentina's national existence? How and why did this global currency become a local currency on the other end of the Western hemisphere? Through the reconstruction of the social and cultural history of the US dollar in Argentina Luzzi and Wilkis provide original insight into this sidebar of the dollar's history showing how it became a local currency even outside its country of origin.
