Masindo's Indonesian Media Guide ,2001 **Islam Beyond Conflict** Wayne Hudson,2017-03-02 Politically Islam in Indonesia is part of a rich multi cultural mix Religious tolerance is seen as the cornerstone of relations between different faiths and moderation is built into the country s constitutional framework However the advent of democracy coupled with the impact of the South East Asian economic collapse in 1997 and the arrival of a tough new breed of Middle Eastern Islamic preachers sowed the seeds of the current challenge to Indonesia s traditionally moderate form of Islam This volume explores the extent to which moderate Indonesian Islam is able to assimilate leading concepts from Western political theory The essays in the collection explore how concepts from Western political theory are compatible with a liberal interpretation of Islamic universals and how such universals can form the basis for a contemporary approach to the protection of human rights and the articulation of a modern Islamic civil society Southeast Asian Affairs 1997 Daljit Singh,1997 An annual review of significant developments and trends in the region Though the emphasis is on ASEAN countries developments in the broader Asia Pacific region are not ignored Provided by publisher **Tempo** ,2007 **Proceedings Seminar Nasional & Workshop Tegangan Tinggi IV** ,2001 On high voltage electric power transmission proceeding of a seminar Feminisms and Contemporary Art in Indonesia Wulandani Dirgantoro,2025-10-01 While Indonesian contemporary art is currently on the rise on the international art scene there hasn t yet been an in depth study of the works of Indonesian women artists and the feminist strategies they employ within the art world This book fills that gap presenting the first comprehensive study of feminisms and contemporary art in Indonesia using feminist readings to analyse the works of Indonesian women artists historically and today illuminating the sociocultural contexts in which they have worked and offering a nuanced understanding of local feminisms in the nation **Proceedings of the 4th International Conference on Social Sciences and Law (ICSSL 2024)** Galih W. Politics and the Media in Twenty-First Century Indonesia Krishna Sen,David Hill,2010-11-01

Every political aspirant and activist knows the media are important But there is little agreement on how an increasingly diversified media operate in post authoritarian transitions and how they might promote or impede the pathways to a sustainable liberal democracy in the 21st century This book examines the role of the media during Indonesia s longest experiment with democratisation It addresses two important and related questions how is the media being transformed both in terms of its structure and content by the changing political economy of Indonesia after the fall of Suharto And what is the potential impact of this media in enabling or hampering the development of democracy in Indonesia The book explores the relation between the working of democratisation by examining the role of ethnic identity and nationalism increasingly cheaper and diversified means of media production challenging state monopolies of the media the reality of personalised and globalised media and the challenging of the connection between a free media and democracy by global capitalism and corporate control of the media The book argues that the dominant forces transforming Indonesia today did not arise from the singular point of Suharto s resignation but from a set of factors which are independent from but linked to Indonesia s internal politics and which shape its cultural industries

Demanding Images Karen

Strassler,2020-03-20 The end of authoritarian rule in 1998 ushered in an exhilarating but unsettled period of democratization in Indonesia A more open political climate converged with a rapidly changing media landscape yielding a vibrant and volatile public sphere within which Indonesians grappled with the possibilities and limits of democracy amid entrenched corruption state violence and rising forms of intolerance In *Demanding Images* Karen Strassler theorizes image events as political processes in which publicly circulating images become the material ground of struggles over the nation s past present and future Considering photographs posters contemporary art graffiti selfies memes and other visual media she argues that people increasingly engage with politics through acts of making circulating manipulating and scrutinizing images *Demanding Images* is both a closely observed account of Indonesia s turbulent democratic transition and a globally salient analysis of the work of images in the era of digital media and neoliberal democracy Strassler reveals politics today to be an unruly enterprise profoundly shaped by the affective and evidentiary force of images
