each major section *Customs Modernization Handbook* Luc de Wulf, José B. Sokol, 2005 Trade integration helps promote economic development and poverty alleviation however customs procedures are often complex costly and lack transparency limiting external competitiveness and trade liberalisation reforms This handbook reviews the key elements of a successful customs modernisation strategy drawing on lessons from successful customs reform initiatives and on the experiences of the World Bank It includes operational guidelines to deal with issues such as customs valuation rules of origin duty relief and exemptions transit and security issues use of information technology a legal framework for customs operations human resource management strategies to combat corruption and management autonomy *English Handbook and Study Guide Just English* Pearson Education, 2005-08-12

Teaching and Learning in English Medium Instruction Jack C. Richards, Jack Pun, 2022-03-02 Teaching and Learning in English Medium Instruction provides an overview of the nature of English Medium Instruction EMI in both secondary and tertiary education The book explores the nature of academic literacy in EMI the ways in which EMI is implemented in different contexts issues related to teaching and learning through the medium of English teaching challenges and coping strategies used by EMI teachers support for EMI through EAP the professional development needs of EMI teachers approaches to the evaluation of EMI programs The book contains a number of short chapters written in an accessible style with discussion questions and practical follow up tasks Throughout the book key theory and research serve to introduce the core issues involved in EMI which are then explored in terms of implications for practice The book can be used in workshops and courses and for groups that include EMI teachers of content subjects EAP teachers TESOL students and teachers and education officials involved with the implementation of EMI in different contexts With the expansion of EMI worldwide in recent years the book seeks to introduce EMI to a new generation of EMI teachers and language teaching professionals

Customs & Excises in One Lesson Christiaan Viljoen de Lange, 2025-11-07 Customs and Excises continue to be shrouded in mystery primarily due to the inconsistency in the use of its terminology its application and ignorance The primary challenge is that its applied terminology is not unique or subject specific As a consequence it tends to be erroneously read interpreted and understood for its linguistic meaning rather than for its specific Customs and Excises meaning Another more critical oversight is that Customs and Excises are inherently Economics founded on its principles As the scope of Customs and Excises is so broad it is not realistic to consider it as a specialisation without defining the demarcated focus The focus of this book is solely on the goods the merchandise This book challenges the fallacy that the Customs and Excises environment is not susceptible to a coherent summary It will provide you with a unique and innovative roadmap supplemented with figures that can be used independently or as a collective to easily navigate your way through the Customs and Excises cornerstones concepts methodologies and procedures and to provide you with a Customs Optimisation Process which was derived from the Lesson Customs and Excises can be reduced to a single lesson and itself into a single sentence The art of Customs and Excises consists of not merely accepting the terminology for

its linguistic meaning it consists of ensuring that the terminology its context its meaning and its effective efficient and compliant application are fully understood and appreciated in both its reference and application For the purpose of simplicity and ease of understanding the book is presented in two parts Part I The Lesson Part II The Lesson Applied Key topics include identifying the Customs and Excises cornerstones its application to the Trade Remedies identifying the various types of duties taxes levies tariff barriers Non Tariff Measures and Non Tariff Barriers categorising and organising the Special Customs Procedures Regimes and their relation depicting the trade blocs and their respective stages of economic integration an insight into the International Commercial Terms Incoterms and their evolution reflecting on Denied Party Screening and Sanctions Screening offering an insight into the International Organisations Agreements Conventions Standards and Frameworks as well as reflecting on the more relevant acronyms elucidation of terms and selected resources to enhance the Lesson the In a minute I am™ Customs and Excises Series which offers a succinct summation of the more pertinent Customs and Excises concepts and the Points of Interest which encapsulates the Section This book caters to Customs and Excises compliance practitioners trade compliance practitioners students and young professionals who are in the early stages of understanding the nuances of Customs and Excises It also informs tax practitioners in house tax counsel academics working in international organisations business executives advisory firms and government officials for whom it may not be a specialisation but who are interested in gaining an understanding or even a working knowledge of its intricacies and foundation

The Language of the English Street Sign Vivian Cook, 2022-03-21 This book opens readers eyes to something they see all the time but take for granted street signs It is a portrait of the signs on modern English streets what they look like who and what they are for how they link to English history and how they form part of life in multilingual England today It describes how their shapes materials letters vocabulary and grammar differ from other forms of written English using a framework based on linguistics typography and writing systems research It provides readable and entertaining insights into an important use of written English illustrated with over 400 examples of street signs The book represents a starting point for the study of street signs as an academic area in its own right
