Analyzing Sentences An Introduction To English Syntax:

Analysing Sentences Noel Burton-Roberts, 2016-02-12 This highly successful text has long been considered the standard introduction to the practical analysis of English sentence structure. It covers key concepts such as constituency category and functions and also utilises tree diagrams throughout to help the reader visualise the structure of sentences. In this fourth edition *Analysing Sentences* has been thoroughly revised and now features a brand new companion website with additional activities and exercises for students and an answer book for the in text exercises for professors. The extra activities on the website give students practice in identifying syntactic phenomena in running text and will help to deepen understanding of this topic. Accessible and clear this book is the perfect textbook for readers coming to this topic for the first time. Featuring many in text end of chapter and Further Exercises it is suitable for self directed study as well as for use as core reading on courses.

Analysing Sentences Noel Burton-Roberts, 2013-10-31 This highly successful text has long been considered a standard introduction to the practical analysis of English sentence structure. As in previous editions key concepts such as constituency category and function are carefully explained as they are introduced. Tree diagrams are used throughout to help the reader visualise the hierarchical structure of sentences. The final chapter sets the analysis in the context of generative grammar. In this third edition *Analysing Sentences* has been thoroughly revised. It has an attractive new layout more examples clearer explanations and summaries of major points. A major change concerns the analysis of auxiliary verbs which has been revised to bring it more in line with current thinking. Clear development from chapter to chapter together with the author's accessible style make this book suitable for readers with no previous experience of sentence analysis. A practical and reader friendly text it includes many in text exercises and end of chapter exercises all with answers and Further Exercises making it suitable for self directed study as well as for taught courses. Noel Burton Roberts is Professor of English Language and Linguistics at Newcastle University.
