@budgetwithmel

01 **Keep Business & Personal Separate**

Always deposit business income into your business account, even if you're just starting out. This keeps things clean and more professional.

02 **Choose an accounting system**

Choose what system you'll use to keep track of your income and spending.

03 **Estimate revenue.**

Always be conservative in your estimates, using actual historical data (if applicable).

04 **Analyze & negotiate costs.**

If your business is new, include start up costs in the estimate. Err on the side of overestimating costs. Negotiate with suppliers to get the best deal.
