and Multimodal Narratives** Torsa Ghosal,Alison Gibbons,2023-08 Fictionality and Multimodal Narratives interrogates the
multimodal relationship between fictionality and factuality The contemporary discussion about fictionality coincides with an
increase in anxiety regarding the categories of fact and fiction in popular culture and global media Today s media saturated
historical moment and political climate give a sense of urgency to the concept of fictionality distinct from fiction specifically
in relation to modes and media of discourse Torsa Ghosal and Alison Gibbons explicitly interrogate the relationship of
fictionality with multimodal strategies of narrative construction in the present media ecology Contributors consider the ways
narrative structures their reception and their theoretical frameworks in narratology are influenced and changed by media
composition particularly new media By accounting for the relationship of multimodal composition with the ontological
complexity of narrative worlds Fictionality and Multimodal Narratives fills a critical gap in contemporary narratology the
discipline that has to date contributed most to the conceptualization of fictionality **International Handbook of
Underwater Archaeology** Carol V. Ruppe,Jane F. Barstad,2013-11-11 Although underwater archaeology has assumed its
rightful place as an important subdiscipline in the field the published literature has not kept pace with the rapid increase in
the number of both prehistoric and historic underwater sites The editors have assembled an internationally distinguished
roster of contributors to fill this gap In addition to both geographical and topical approaches the chapters also focus on
technology law public and private institutional roles and goals and the research and development of future technologies and
public programs The Minor League Milwaukee Brewers, 1859-1952 Brian A. Podoll,2003-10-15 Statues of Hank Aaron
