Algebra Trigonometry Graphs Models:

Algebra and Trigonometry Judith A. Beecher, Judith A. Penna, Marvin L. Bittinger, 2001-12 The BPB team has created a book where the use of the graphing calculator is optional but visualizing the mathematics is not. By creating algebraic visual side by side the authors show students the relationship of the algebraic solution with the visual often graphical solution. In addition to helping students visualize the math with the side by side the authors focus on helping students make the connection between x intercepts zeros and solutions both visually and algebraically.

Algebra and Trigonometry Marvin L. Bittinger, Judith A. Beecher, David J. Ellenbogen, Judith A. Penna, 2012-01-23 The Graphs and Models series by Bittinger Beecher Ellenbogen and Penna is known for helping students see the math through its focus on visualization and technology. These texts continue to maintain the features that have helped students succeed for years: focus on functions, visual emphasis side by side algebraic and graphical solutions and real data applications. With the Fifth Edition visualization is taken to a new level with technology. The authors also integrate smartphone apps encouraging readers to visualize the math. In addition, ongoing review has been added with new Mid Chapter Mixed Review exercise sets and new Study Guide summaries to help students prepare for tests.

Algebra and Trigonometry Marvin A. Bittinger, Judith A. Beecher, David J. Ellenbogen, Judith A. Penna, 2006 With a visual graphical approach that emphasizes connections among concepts, this text helps students make the most of their study time. The authors show how different mathematical ideas are tied together through their zeros, solutions, and x intercepts, theme side by side algebraic and graphical solutions, calculator screens, and examples and exercises. By continually reinforcing the connections among various mathematical concepts, as well as different solution methods, the authors lead students to the ultimate goal of mastery and success in class.
