"Inner Listening"

with Mellisa Dormoy
of Shambala Kids

Do you know that inside of you, you have some very wise answers to all the questions you'll ever have about your life? It's true. Today we're going to learn how.

Close your eyes and take in a very slow, deep breath. Now, exhale slowly. Keep breathing deeply and feel the cool air come in through your nose and flow all the way down to your belly. Feel your belly extend as you breathe in. Make sure your belly is going slowly in and out as you inhale and exhale. Every time we breathe, we should try to breathe like this – allowing the air to go all the way down to the belly – not just in the lungs. This relaxes your whole body and keeps you feeling peaceful no matter what. It's also the correct way to breathe.

Now, as you continue to breathe deeply, turn your attention now to something else. I'd like you to listen carefully to all the quiet sounds outside of you and happening all around you. You may hear outside noises, maybe cars, birds or something else... just listen to all the sounds – both faint and loud. (Pause) Now, let's turn our focus inward. Listen very quietly to what you hear happening within your body. Can you hear your heart beating? (Pause) Can you hear your breath as you breathe slowly in and out? Maybe your tummy is even making noises. Whatever is going on inside, just take time to listen very carefully. Just pay attention to the sound of your breath. It's

almost magical. You're whole body is alive and it's this breath, among other things, that is keeping you alive. Allow the breath to fill up your whole body and enjoy as the living energy of your breath goes into each and every cell, each and every atom of your body... just feel that and relax deeper.

Now listen even more closely... listen and pay attention if there are any feelings coming up right now... feelings inside of you that need to be expressed, or talked about. Our feelings tell us a lot. When we are quiet and calm, we can tap into those feelings and listen even better. Maybe you'll suddenly get an answer to a question you've had, or you'll realize something you have been feeling all along.

It's important that we take the time to listen to ourselves each and every day. It helps us connect with who we really are inside and is a very important part of growing up and knowing ourselves better... In this safe, quiet space we're in right now, you can easily listen to what's going on inside. Your thoughts and feelings really matter! You can trust yourself and your feelings. Next time you have a question on what you should do – just ask and then listen within for your answer.

Open your eyes when you're ready and give your body a big stretch.

Guided Meditation Script Barclay J Fisher,2020-02-12 If you choose to use one or more of these scripts to facilitate a guided meditation journey for others please preface the trip for them by reminding them that no longer all people see matters for the duration of a guided meditation This is very important because our purpose is for them to go a bit closer to their soul during the journey now not to supply them one more cause to consider they ve failed In the years that I ve been using these guided meditations many human beings have shared experiences with me where they weren t capable of seeing anything but they did hear something Or they felt the environment with imaginary kinesthetic touch Or they just had a deep sense of internal understanding about something all through the internal journey All of this is perfectly okay And as soon as in a while any person doesn t see hear sense or think about anything That s flawlessly okay as well Certain internal journeys simply don t fit with some people And sometimes a guided meditation desires to be listened to and experienced more than once to sufficiently loosen up and open up a person s inner world Also at the cease of facilitating one of these Inner Journeys please allow participants ample time to manner their experience You might favor to supply them several minutes to write in

their journals or you may prefer to invite small group voluntary sharing It also may help to make yourself available afterward for a personal conversation about their journey within the meditation It s surely essential that every man or woman has a way to specific and combine the guided meditation experience For some people this capacity verbal sharing with others for others this potential time to absorb it quietly and in solitude into their very own reality Each of these Magical Inner Journeys was given to me as a direct present from Spirit I hope that you revel in experiencing them and facilitating them as a whole lot as I have And A Word About Inner Voices Our internal voices are additionally regarded as our internal parts or persona aspects I in my view like referring to mine as a Committee I sincerely think of a huge convention desk in an office building and everybody sitting around it are individual parts of ME that have something to say about what I do and who I am You may want to also suppose of it as your inner family and image them sitting around a huge dining room table And of course every family member has something to say an opinion to give
