**The Smart Woman's Style Guide** Dr. I. Pearson, 2025-09-24 Style isn't about chasing trends. It's about fit, comfort, confidence, and clothes that make us feel like ourselves or let us change persona for a while. In this short guide, I take you through the real building blocks of style: fit, fabric, colour, tailoring, confidence, and even the science and future of smart clothing. But style isn't all serious. My book comes in two halves. The second half, *The Smart Woman's Guide to Putting On Knickers*, is an amusing exploration of the daily rituals nobody talks about: from the One Legged Hop and the Public Bathroom Flip to the full rules of the Knicker Olympics. Together, the two halves remind us that style is both empowering and fun. As usual in my books, they are my ideas and insights with text written by AI.

**The Midlife Woman's Guide to Thriving** Dr. I. Pearson, 2025-02-15 We're told that midlife is about us slowing down, settling in, or quietly fading into the background, but that's not how it should be. Midlife isn't the end of anything; it's the beginning of something powerful when we finally get to put ourselves first, not because everything is falling apart, but because we've earned it. Our bodies change, our priorities shift. This is my guide to thriving, not just getting through midlife but embracing it. I'll talk about our confidence, joy, beauty, self-care, relationships, reinvention, and stepping into this next chapter with excitement, not fear. You're not here to shrink. You're here to shine. And midlife is the perfect time to do it.
