

CONCEPT OF STATE SOVEREIGNTY: MODERN ATTITUDES

Karen Gevorgyan¹

For decades, international law and public law aspects of the concept of "sovereignty" were in the center of attention of the representatives of legal science. And today, despite the relative elaboration, there is a need to consider various aspects of the problem of sovereignty, which occur in society and in the state, through a prism of changes and in relation to modern ideas about the political system and the polity. According to the former UN Secretary General Boutros Boutros-Ghali, "the main demand of the day is to rethink the problems of sovereignty²."

The notion of "state sovereignty" is the basic concept of modern international law; "it is unthinkable without international law itself, as such³". New trends in considering the problem of state sovereignty create the necessary prerequisites for understanding the nature and character of modern international law, as well as the content of its basic principles.

Sovereignty is a necessary and inalienable political and legal property of any state, its constant attribute.

B. L. Manelis, a Soviet legal scholar wrote: "[s]overeignty should be considered as a social phenomenon, which is closely connected with the state, its role in international relations and the
