 Seventh Edition

## Construction Planning, Equipment, and Methods,

Seventh Edition, follows in the footsteps of the previous editions by providing the reader with the fundamentals of machine utilization and production estimating in a logical, simple, and concise format. Our text features expanded coverage of building construction in today's global environment. Hundreds of photos and illustrations have been added to the seventh edition to make this dynamic text even more accessible to both students and professionals. In addition, since technology is constantly evolving, this text provides an understanding of machine capabilities and how to properly apply these capabilities to construction challenges.

### Notable features of the seventh edition:

- NEW CHAPTER on "Tunneling Systems" focuses on advanced modular and industrialized systems.
- NEW CHAPTER on "Planning for Building Construction" discusses critical topics such as material attainment, bid/contract sequencing, site logistics, and project schedules.
- The chapters on "Compressed Air" and "Equipment for Pumping Water" have been combined to apply the concept of calculating friction losses to both air and water in pumping systems.
- Quick-reference information for machine data is provided at the end of every chapter of the text. In addition, web-based exercises, which in some cases direct the students to specific machine information on the web, have been added to many chapters.
- All chapters have undergone revision, ranging from simple clarifications to major modifications, depending on the need to improve organization and presentation of concepts.
- The figures throughout the text have been updated to illustrate the latest equipment and available features. Photos of operating equipment are included.
- Safety discussion/insights are presented in each of the chapters dealing with machine or formwork use.
- Every chapter contains new and updated homework problems. In addition, the text includes problems requiring a step-by-step, project approach, which focuses student learning by clearly defining the critical pieces of information necessary for problem solving.

### The media package includes:

- WEB EXERCISES**  
Web-based exercises have been added to many chapters to draw attention to the expanding volume of information available over the Internet. The computer monitor icon in the text margin will direct you to the text website ([www.mhhe.com/peurifoy/](http://www.mhhe.com/peurifoy/)). In addition, extensive web resources are provided at the end of every text chapter.
- WEBSITE**  
Web support is provided for the book at the website [www.mhhe.com/peurifoy/](http://www.mhhe.com/peurifoy/). Visit this site for book and equipment information, author information, and resources for further study or reference.
