fat from our diets we've deprived ourselves of considerable health benefits and have sabotaged our efforts to lose weight. Renowned nutritionist Jonny Bowden and well-respected physician Steven Masley independently came to the same conclusion about why so many people continually fail to shed pounds and get healthy. It all comes back to a distinction far more important than calories vs carbs or paleo vs plant-based: smart fat vs dumb fat. In *Smart Fat* they explain the amazing properties of healthy fat, including its ability to balance hormones for increased energy and appetite control, and its incredible anti-inflammatory benefits. The solution for slimming down and keeping the pounds off for life is to smart-fat your meals, incorporating smart fats with fiber, protein, and most importantly, flavor. Bowden and Masley identify smart fats, explain what not to eat, and provide a thirty-day meal plan and fifty recipes based on the magic formula of fat, fiber, protein, and flavor. Getting smart about fat and everything you eat, and learning to smart-fat your meals, is the only solution you'll ever need. A groundbreaking book that's going to create a seismic shift in how we look at fat AND why we need much more of it in our diet. JJ Virgin, New York Times bestselling author of *Sugar Impact Diet*, a twenty-nine-day menu, meal-by-meal advice, and diet recipes that sound like no diet you've ever been on: beef stew, anyone? Heart Solution for Women, Mark Menolascino, 2019-01-29. Heart disease remains the number one killer of women, outpacing breast cancer, diabetes, and stroke, with one in four women receiving a diagnosis in her lifetime. And the problem is only getting worse. Dr. Mark Menolascino has been on the front lines of cardiac research for most of his life, running a highly successful clinic where he takes a holistic, personalized approach to reversing disease and jump-starting health. Most of his patients are women struggling with symptoms and illnesses that stem from the most important life-giving organ in the body: the heart. In *Heart Solution for Women*, Dr. Menolascino explores the many ways our hearts are the pathway to overall health. While the classic risk factors for heart disease—obesity, high cholesterol, high blood pressure, stress, and poor diet—are critical components, symptoms of the disease manifest differently in women's bodies and can go misdiagnosed for years. They include depression, anxiety, and panic attacks, poor sleep, and widespread pain, and can be masked during pregnancy, post-pregnancy, and menopause, only to appear with great force later in life. Featuring the latest research on gut, brain, and hormone health, and including answers to the most common heart health misunderstandings, *Heart Solution for Women* finally gives women the tools to succeed, feel great in their bodies, and add years to their lives. Body & Soul, 2009-07. **Taking Back the Month**, Diana L. Taylor, Stacey Colino, 2002.
