Content Development and Documentation Agota Foris, Andrea Bolcskei, 2023-02-07 The questions regarding specialized languages are important topics in applied linguistics research. A growing number of areas witness the current trend of automation, robotization, and artificial intelligence (AI). Therefore, converting information into a form that can be understood by machines is of utmost importance in the future. These three technological advancements require the precise description of languages; consequently, the systematic description of the features of specialized languages is one of the current tasks of linguistics. This book discusses the changed environment of technical communication, the processes, and the legal and standardization backgrounds. The authors delved into the typological, semantic, and lexical features of technical texts in the field of technical documentation and also focused on research related to terminology translation and text analysis, as well as their relevance in higher education in connection with documentation, content development, and technical writing.

Content Inc., Second Edition: Start a Content-First Business, Build a Massive Audience and Become Radically Successful (With Little to No Money) Joe Pulizzi, 2021-05-25 From one of today's leading experts in content marketing, Content Inc. is the go-to guide to building a solid small business by establishing a loyal audience before you sell products or services. In these pages, Joe Pulizzi provides a lower-risk, more effective way to create a path to success by re-engineering the process that so often leads to failure. You'll learn how to develop valuable content, build an audience around that content, and then create a product for that audience. Content Inc. walks you through the entire process, showing how to: Choose a marketable content topic; Figure out where little or no competition exists; Choose your top channel for disseminating content; Build long-term customer loyalty; Monetize your product or service; Expand your content into multiple channels; Sell your content asset or scale it into a large enterprise. This updated edition includes new and enhanced coverage of platforms like TikTok, Snapchat, and Instagram, a new section about the exit strategy for the model, more practical how-tos, and current examples of companies that have successfully implemented these strategies. Content Inc. provides an ingenious approach to business based on a profoundly simple concept: Having a singular focus on audience and building a loyal audience directly provide the best, most nuanced understanding of what products ultimately make the most sense to sell. Apply the methods laid out for you in Content Inc. and create the business of your dreams.
