Culo By Mazzucco:

Culo by Mazzucco Raphael Mazzucco,2011-11-22 The World Is No Longer Flat Culo is an art fashion and pop culture movement that defies all national cultural and linguistic boundaries No matter if you were raised to call it derriere tush rear end or booty culo is the new epicenter of female sexuality desire and empowerment Over the past decade some of the world s most celebrated women have subtly shifted our long held ideals of physical perfection toward a shape that is more authentic and bold While culo has long been venerated in certain cultures it is now becoming the object of worldwide mainstream admiration This emerging global love affair with culo is as much about the blending of African Latin European and Asian beauty as it is about celebrating the female form s most coveted asset Culo by Mazzucco pays tribute to this phenomenon through a singular artistic vision In more than 200 photographs and artworks created on location around the world a diverse group of women some already legendary some about to become so embody the spirit of culo and the start of a new era of beauty
