

Performance Task Assessment

Reporting to the President

After reading sections two through six of the executive branch, local, and national news in the newspaper, Mrs. and Mrs. Belmont are meeting with President Wilson to discuss the following questions:

1. How healthy is our country? Is independence more important than unity? How should we deal with the states and their own laws? Is it right to give an election to one party? How should we deal with the states? Is it right to give an election to one party? How should we deal with the states? Is it right to give an election to one party?

Answer these questions as carefully as you can. All answers must use specific facts from the newspaper to show your work. A good answer always includes a comparison of the two sides of the question and a clear conclusion. Use the facts from the newspaper to show your work. A good answer always includes a comparison of the two sides of the question and a clear conclusion. Use the facts from the newspaper to show your work. A good answer always includes a comparison of the two sides of the question and a clear conclusion.

2. Using the information you gathered in the last question, write a letter to the President of the United States. In your letter, explain your opinion on the following questions. Use the facts from the newspaper to show your work.

- a. How is the country doing? **Answer: The country is doing well.**
- b. How is the country doing? **Answer: The country is doing well.**
- c. How is the country doing? **Answer: The country is doing well.**

Assessing Deeper Learning Douglas G. Wren, 2019-08-01 Deeper learning has been defined as the skills and knowledge that students must possess to succeed in 21st century jobs and civic life William and Flora Hewlett Foundation 2013 Assessing Deeper Learning Developing Implementing and Scoring Performance Tasks examines the role of performance assessment to facilitate student attainment of the core competencies of deeper learning The book details a journey that a large school district undertook to create a system of performance tasks designed to assess students proficiency in critical thinking problem solving and effective communication Chapters devoted to the development and implementation of the district s high quality performance tasks and rubrics highlight successes and lessons learned during the journey Additional chapters focus on such topics as types of performance assessments instructional methods that promote student engagement and deeper learning policy and how teacher leaders can drive this innovation to serve the teaching learning assessment and accountability needs of schools Assessing Deeper Learning Developing Implementing and Scoring Performance Tasks was written for teachers administrators superintendents and policy makers to better understand the challenges and opportunities afforded by using performance assessment to promote deeper learning *In Search of Synergy in Small Group Performance* James R. Larson, Jr., 2013-01-11 This volume critically evaluates more than a century of empirical research on the effectiveness of small task performing groups and offers a fresh look at the costs and benefits of collaborative work arrangements The central question taken up by this book is whether and under what conditions interaction among group members leads to better performance than would otherwise be achieved simply by combining the separate efforts of an equal number of people who work independently This question is considered with respect to a range of tasks idea generation problem solving judgment and decision making and from several different process perspectives learning and memory motivation and member diversity As a framework for assessing the empirical literature the book introduces the concept of synergy Synergy refers to an objective gain in performance that is attributable to group interaction Further it distinguishes between weak and strong synergy which are performance gains of different magnitude The book highlights the currently available empirical evidence for both weak and strong synergy identifies the conditions that seem necessary to produce each and suggests where the search for synergy might best be directed in the future The book is at once a high level introduction to the field a review of the field s history and a scholarly critique of the current state of the art As such it is essential reading for graduate students advanced undergraduate students and researchers interested in group dynamics generally and small group performance in particular **Performance-Based Learning & Assessment in Middle School Science** K.
