

APPENDIX L LMI Income Certification

Communities with a local CDBG economic development project must use the following format for job applicants, new hires, and current employees for jobs created or retained to document the family income. *****Contact the CDBG-ED staff for a copy of the latest HUD Income Limits for each county in the State. This changes every year.*** New income figures are available each spring from the Department of Housing and Urban Development. The new income figures will be sent to current grantees as soon as they are available. The figures for income levels for the county in which the project will be located should be placed under the appropriate spaces on the form for each family size.

The income level stated for the form can be based on either the previous 12 months before the date the form is signed or on the income reported on the most recent income tax form submitted to the Internal Revenue Service. The method used should be consistent. It is often difficult for an individual to determine accurately the income for the previous 12 months, which would necessitate using the reported income tax statement for the most recent tax year.

Race and ethnicity categories should be collected at the same time that income surveys are given. A sample form is part of this exhibit for collection of that data.
