The Fiction of Chinua Achebe Jago Morrison,2009-07-23 Since the emergence of Things Fall Apart in 1958 Chinua Achebe has come to be regarded by many as the Godfather of modern African writing Over 150 full length studies of his work have been published together with many hundreds of scholarly articles This Reader s Guide enables students to navigate the rich and bewildering field of Achebe criticism setting out the key areas of critical debate the most influential alternative approaches to his work and the controversies that have so often surrounded it The Guide examines Achebe s key novels with the main focus on Things Fall Apart and also discusses his less well known short fiction Including discussion of important Nigerian scholarship that is often inaccessible this is an invaluable introduction to the work of one of Africa s most important and popular writers

Chinua Achebe's Things Fall Apart Ben J. Ezuma,1965 Postcolonial Imaginations and Moral Representations in African Literature and Culture Chielozona Eze,2011-12-16 The postcolonial African culture as it is discoursed in the academia is largely influenced by Africa s response to colonialism To the degree that it is a response it is to considerably reactive and lacks forceful moral incentives for social critical consciousness and nation building Quite on the contrary it allows especially African political leaders to luxuriate in the delusions of moral rectitude imploring at will the evil of imperialism as a buffer to

their disregard of their people This book acknowledges the social and psychological devastations of colonialism on the African world It however argues that the totality of African intellectual response to colonialism and Western imperialism is equally if not more damaging to the African world In what ways does the average African leader indeed the average African judge and respond to his world How does he conceive of his responsibility towards his community and society The most obvious impact of African response to colonialism is the implicit search for a pristine innocent paradigm in for instance literary philosophical social political and gender studies This search has its own moral implication in the sense that it makes the taking of responsibility on individual and social level highly difficult Focusing on the moral impact of responses to colonialism in Africa and the African Diaspora this book analyzes the various manifestations of delusions of moral innocence that has held the African leadership from the onerous task of bearing responsibility for their countries it argues that one of the ways to recast the African leaders responsibility towards Africa is to let go on the one hand the gaze of the West and on the other of the search for the innocent African experience and cultures Relying on the insights of thinkers such as Frantz Fanon Wole Soyinka Kwame Anthony Appiah Achille Mbembe and Wolfgang Iser this book suggests new approaches to interpreting African experiences It discusses select African works of fiction as a paradigm for new interpretations of African experiences

questions concepts impulses and problems that underpin the idea of African legal theory They outline the potential offered by African legal theory and open up its key concepts and impulses for critical scrutiny This is done in order to develop a better understanding of the extent to which African legal theory can contribute to discourses seeking to address some of the challenges that confront African and non African societies alike

Conrad's Shadow Nidesh Lawtoo, 2016-09-01 Western thought has often dismissed shadows as fictional but what if fictions reveal original truths Drawing on an anti Platonic tradition in critical theory Lawtoo adopts ethical anthropological and philosophical lenses to offer new readings of Joseph Conrad's novels and the postcolonial and cinematic works that respond to his oeuvre He argues that Conrad's fascination with doubles urges readers to reflect on the two sides of mimesis one side is dark and pathological and involves the escalation of violence contagious epidemics and catastrophic storms the other side is luminous and therapeutic and promotes communal survival postcolonial reconciliation and plastic adaptations to changing environments Once joined the two sides reveal Conrad as an author whose Janus faced fictions are powerfully relevant to our contemporary world of global violence and environmental crisis

Chinua Achebe Rose Ure Mezu, 2006 One of the critical concerns in Nigeria is how to alleviate poverty in the country The general prevalence of poverty in Nigeria is paradoxical because the country is one of the biggest oil producing countries in the world A 1999 World Bank report for instance showed that some 70 per cent of the population lives below the bread line usually considered as living on less than US 1.00 a day This raises a number of very important questions What are really responsible for the wide prevalence of poverty in Nigeria in the midst of plenty How is poverty manifested in the country What alleviation strategies are in place How effective are they

And what are the implications of all these for the country's democracy project political stability nation building and development discourse Contributors to this volume address these questions and provide insights into some of the central issues in the discussion of poverty including how the poor themselves struggle to cope or adapt to their condition Using multidisciplinary perspectives the contributors critique the current alleviation strategies and recommend more viable and better targeted approaches that will sharply reduce the incidence of poverty in Nigeria *Great Lives from History: A-Cou* Frank Northern Magill, 1990 **A New Reader's Guide to African Literature** Hans M.
