A.J. Thomson, **Essentials of English Grammar** L. Sue Baugh,2005-07-15 An easy to use reliable source on Proper punctuation and sentence construction when to capitalize and how to abbreviate always writing clearly and concisely **The Revised English Grammar** Alfred Slater West,1930 **Murray's English Grammar Simplified** Allen Fisk,1822 [A New Grammar of the English Language: Or an Easy](#)

Introduction to the Art of Speaking and Writing English with Propriety and Correctness ... Calculated for the Use, Not Only of Schools, But of Private Gentlemen Daneil Fenning,1778 Murray's System of English Grammar Lindley Murray,Enoch

Pond,2008-10-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *The Principles of English Grammar* Peter Bullions,2015-06-16 Excerpt from *The Principles of English Grammar Comprising the Substance of the Most Approved English Grammar Extant With Copious Exercises in Parsing and Syntax And an Appendix of Various and Useful Matter for the Use of Schools* A knowledge of English Grammar is very properly considered an indispensable part of an English education and is now taught as such in all our Academies and Common Schools The great number of elementary works which have recently appeared on this subject is a pleasing evidence of the attention which has been bestowed upon it Among these none has enjoyed greater favour than the Grammar of Lindley Murray and the high rank which it still holds among the numerous works which have appeared since its publication is a decided testimony to the soundness of its principles and the excellence of the system With all its excellence however it is far from being incapable of improvement and the attempt to add to its value as a manual for schools by correcting what is erroneous retrenching what is superfluous or unimportant compressing what is prolix elucidating what is obscure determining what was left doubtful supplying what is defective and bringing up the whole to that state of improvement to which the labours of eminent scientific and practical writers of the present day have so greatly contributed can hardly fail if well executed to prove acceptable to the public Such was my design and though there may be reason to regret that it has not been undertaken by some one more capable of doing justice to the subject still it is hoped that the labour bestowed in order to carry it into effect will not be altogether in vain In endeavouring to avoid the minutiae and diffuseness of the larger Grammar care has been taken to guard against the opposite extreme The abridgments of Murray now in use are little more than a synopsis of the larger work presenting a mere outline of the subject altogether too meagre to be of much service to the learner The same remark is applicable to a great number of smaller works which have been published with a similar view namely to serve as an introduction to a more extended system About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
