of Adyashanti's Emptiness Dancing Everest Media,2022-04-29T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Enlightenment means waking up to what you truly are and then being that It means realizing and being realizing and being realization alone is not enough The completion of Self realization is to act do and express what you realize This is a very deep matter 2 When I became the Oneness of everything I also became the consciousness or spirit that woke up out of all identification When the Oneness disappeared there was still a basic awakensness but it had two different aspects I m everything and I m absolutely nothing 3 When we really start to take a look at who we think we are we become very grace prone We start to see that while we may have various thoughts beliefs and identities they

do not individually or collectively tell us who we are 4 The biggest barrier to awakening is the belief that it is something rare When this barrier is dropped or at least you start to tell yourself that awakening is difficult then everything becomes available to you When you start to take in this awakesness it is mind boggling [Emptiness Dancing](#) Adyashanti,2009-04-10 Who are you when you are not thinking yourself into existence What is ultimately behind the set of eyes reading these words In Emptiness Dancing Adyashanti invites you to wake up to the essence of what you are through the natural and spontaneous opening of mind heart and body that holds the secret to happiness and liberation **Emptiness Dancing** Adyashanti,2009-04-10 Who are you when you are not thinking yourself into existence What is ultimately behind the set of eyes reading these words In Emptiness Dancing Adyashanti invites you to wake up to the essence of what you are through the natural and spontaneous opening of mind heart and body that holds the secret to happiness and liberation
