Index of Conference Proceedings British Library. Document Supply Centre,2000 **Emissions of Greenhouse Gases in the United States 2003** United States. Department of Energy,1996 **Emissions of Greenhouse Gases in the United States 2004** ,2005 *Kicking the Sacred Cow* James P. Hogan,2004 Galileo may have been forced to deny that the Earth moves around the Sun but in the end science triumphed Nowadays science fearlessly pursues truth shining the pure light of reason on the mysteries of the universe Or does it As bestselling author James P Hogan demonstrates in this fact filled and thoroughly documented study science has its own roster of hidebound pronouncements which are Not to be Questioned And those who question them may face a modern day Inquisition As the author puts it This book is not concerned with cranks or simple die hards who are entitled to their foibles and come as part of life s pattern Rather it looks at instances of present day orthodoxies tenaciously defending beliefs in the face of what would appear to be verified fact and plain logic or doggedly closing eyes and minds to ideas whose time has surely come In short where scientific authority seems to be functioning more in the role of religion protecting doctrine and putting down heresy than championing the spirit of the free inquiry that science should be Among the dogma laden topics he examines are Darwinism global warming the big bang problems with relativity radon and radiation holes in the ozone layer the cause of AIDS and the controversy over Velikovsky Hogan explains the basics of each controversy with his clear informative style in a book that will be fascinating for anyone with an interest in the frontiers of modern science Book jacket **Climate Change 2001: Mitigation** Bert Metz,2001-07-12 Climate Change 2001 Mitigation is the most comprehensive and up to date scientific technical and economic assessment of options to mitigate climate change and their costs The report Makes clear there are strong inter linkages between climate change policy and policies towards sustainable development Assesses information on technological options to reduce greenhouse gas emissions or enhance their sinks Analyses technologies and practices available to achieve the targets of the Kyoto Protocol and stabilise atmospheric concentrations of greenhouse gases Evaluates barriers impeding implementation of these options and methods available to overcome them Summarises the economic literature on costs of climate change mitigation at global regional and national levels Evaluates the other benefits that climate policy can deliver or the climate benefits of other socio economic policies Assesses how this information can be used to support climate policy decision making acknowledging various decision making frameworks This latest IPCC assessment will again form the standard scientific reference for all concerned with climate change and who want to be informed of ways to address this important global problem including students and researchers in environmental and social sciences and policymakers and analysts in governmental and non governmental organisations and the private sector world wide **Place-Based Solutions** Charles G. Curtin,2026-01-27 How locally focused ethically driven action can help communities and ecosystems thrive in the face of crisis How do we move beyond simply surviving in a world of accelerating environmental and social disruption Place

Based Solutions offers a bold and practical response charting a path toward what Charles G Curtin calls prosilience the capacity not just to endure crises but to leap forward through them With over thirty years of collaborative on the ground experience in conservation and climate adaptation Curtin explores why so many well intentioned efforts fall short and what distinguishes the ones that succeed This book distills decades of applied research and institutional leadership ideas into a framework for designing solutions that are adaptive durable and rooted in the strengths of local communities It explains how to transform the ways people think organize and act in response to complex challenges especially when top down technocratic approaches fail to deliver Place Based Solutions emphasizes the power of small and mid sized organizations to catalyze meaningful change using real world examples to illustrate how lasting impact depends on aligning ethics equity institutional design and the ability to learn over time Curtin encourages readers to shift their focus from the pre crisis status quo to preparing for and thriving in novel futures Accessible honest and deeply grounded in practical solutions this book assembles a set of proven principles for turning uncertainty in the face of societal transformation into opportunity It is an essential resource for anyone seeking to understand how humanity can respond to global crises with creativity integrity and lasting effect

Unstoppable Global Warming S. Fred Singer,2006-09-13 Singer and Avery present in popular language supported by in depth scientific evidence the compelling concept that global temperatures have been rising mostly or entirely because of a natural cycle Using historic data from two millennia of recorded history combined with the natural physical records found in ice cores seabed sediment cave stalagmites and tree rings Unstoppable Global Warming argues that the 1 500 year solar driven cycle that has always controlled the earth s climate remains the driving force in the current warming trend Trillions of dollars spent on reducing fossil fuel use would have no effect on today s rising temperatures The public policy key Singer and Avery propose is adaptation not fruitless attempts at prevention Further they offer convincing evidence that civilization s most successful eras have coincided with the cycle s warmest peaks With the added benefit of modern technology humanity can not only survive global climate change but thrive
