

The background of the cover is a dark, high-contrast microscopic image. It shows a large, bright red, circular structure in the center, which appears to be a cell or a specific tissue component. To the left, there are several smaller, rounded, reddish structures. The overall texture is grainy and detailed, typical of a scanning electron micrograph or a high-magnification light micrograph. The colors are primarily dark red, black, and white, creating a dramatic and scientific atmosphere.
