**Capsule Wardrobe** Nancy Rose,2018-11-23 Is your closet jam packed and yet you have absolutely nothing to wear Can you describe your personal style in one sentence If someone grabbed a random piece from your closet right now how likely is it that it would be something you love and wear regularly Our choice of clothing reflects not only our fashion sense but also our personality For example you can easily distinguish between a serious conservative business person and an artistic free spirit simply by the way they are dressed In either of these cases and everything in between the majority of people tend to either try to keep up with the latest fashion trends or they try to make a statement by breaking fashion norms Like it or not the common tendency among women is to buy clothing and accessories on a whim Although men are capable of this as well it seems to be a problem that is much more prevalent for women When we see something we like we buy it even if we don t know when or where to wear it To justify these impulse purchases we simply tell ourselves that we ll find some use for it in the future Because of this reckless habit we have piles of clothes in our closets waiting to be worn How many times have you found yourself frustrated looking for the right clothes to wear Why is it that after digging through your closet for half an hour you still can t find anything good to wear If this describes a scenario that you re all too familiar with then it s time to admit it you have a wardrobe problem that needs to be addressed immediately This may sound far fetched but a wardrobe problem can negatively affect your day by causing a great deal of unnecessary anxiety If you haven t picked out your outfit the night before you find yourself stressed out first thing in the morning as you try to determine what to wear This is not exactly the best way to start your day After work has concluded you may have realized that the stress caused by your dysfunctional wardrobe has caused more damage to your day than you could ever expect Armed with this realization you know it s time to do something drastic Perhaps by now you have already thought of throwing away everything in your closet and starting a whole new wardrobe from scratch Well that s a start but what s next Chances are it won t be long before you resume your old habit of filling up your closet with useless clothes and voila You re back at it with the same old wardrobe dilemmas Here s a better solution A capsule wardrobe is the answer to your problems Although it may be hard to believe that just a few dozen well chosen clothing items and accessories can keep a woman properly dressed for any occasion that s exactly what a capsule wardrobe does Not only will it prevent you from buying the wrong clothes it will also spare you from the stress caused by having a dysfunctional wardrobe with too many choices With this book you will understand how to create the wardrobe combination of your dreams and say goodbye to your frustrations It s time to clean up your closet
