reinvented himself from engineer to white paper expert to become the world's leading expert in Google Adwords. Now with his secret weapon Tom Meloeche he's reinvented himself again this time as the guru in Facebook advertising through which he points out you can access 600 million customers in 10 minutes. Bob Bly author of over 60 books including Complete Idiot's Guide to Direct Marketing The Online Copywriter's Handbook and Public Relations Kit for Dummies Perry Marshall is a terrific writer who makes wonderful use of stories and analogies to illustrate a concept. He does this exceptionally well in the chapter on ad copy writing The Power of Hidden Psychological Triggers. That chapter alone is worth the price of this book. Many companies have tried Facebook ads and failed for one simple reason they treated Facebook advertising like search advertising. Facebook is social advertising. Social advertising is about understanding and reaching the user. Not the user's behavior but the actual person. This is where the book shines. It walks you through strategies of reaching your target audience based upon the person's social profile so that you aren't just accumulating Likes but actually gaining new customers. I'd recommend this book to anyone who is advertising or wants to advertise on Facebook. Social advertising is unique from most other types of advertising and this book will teach you the concepts and how to so you must understand so that your Facebook ads increase your overall profits. Brad Geddes author of Advanced Google AdWords. One of the things I love about Perry is that he always shoots from the hip. Ultimate Guide to Facebook Advertising is written with no holds barred which means that all the juicy tips that might get left out of other similar books are all in this book. It's more than just a tactical how to. It goes into the psychological aspects of ad writing specifically suited for Facebook and gives all kinds of practical advice for fan pages. So for anyone who really wants to get serious about Facebook advertising this book is definitely a must read. Shelley Ellis contextual advertising expert [www.ContentNetworkInsider.com](http://www.ContentNetworkInsider.com). Perry Marshall led the pack with Google AdWords back in 2006. He's still leading the pack today with Ultimate Guide to Facebook Advertising. Perry and Tom Meloeche combine insider knowledge of marketing on Facebook with proven marketing fundamentals for a powerful one-two punch that delivers results. Perry doesn't just theorize about how Facebook marketing works he does it himself and he's worked with thousands of others to hone his knowledge of this emerging landscape. If you're thinking of marketing on Facebook or if you're already doing it you'd be crazy to not get Ultimate Guide to Facebook Advertising. Clate Mask president InfusionSoft. Hands down I have never seen a more comprehensive in depth study of successful Facebook advertising than what you are holding in your hands. Perry has done it again he's extracted the gold within this amazing system of advertising that every astute marketer should devour and implement. Ari Galper founder and CEO Unlock The Game [www.UnlockTheGame.com](http://www.UnlockTheGame.com). Hundreds of my clients have failed at Facebook before. Many were so seriously slaughtered that I'd written it off as a traffic source for all but the most advanced marketer so recommending this book is not something I do lightly yet I DO suggest you order a rush copy. Simply put it's a game changer. If you've tried Facebook before and failed I'll bet you didn't have the testing paradigm targeting insights bidding strategies tools and creative advertising resources.
