The Magic of Chess Tactics 2 Claus Dieter Meyer,Karsten Müller,2017-12-07 Tactical Fireworks When released in 2002 the first volume of *The Magic of Chess Tactics* by FIDE Master Claus Dieter Meyer and German Grandmaster Karsten Müller was extremely popular It was one of the first books to deal with tactics on high level Like the first book intended for advanced Elo 1800 players this second volume puts special tactical motifs and themes under the analytical microscope Complicated tactics the kind that separate tournament winners from the pack require intuition imagination and precision The focus in this book is on attacking techniques and transformations The contents include Attacking with the Queen and Knight The Knight on the Attack Attacking with Bishops of Opposite Colors Pins Learn from the World Champions and Exchanges Transformations The reader will find the analysis comprehensive and challenging Dozens of exercises help reinforce the reader s understanding of this complex subject matter So roll up your sleeves and prepare to ride herd on tactical fireworks and sharpen your tactical skills

Elements of Positional Evaluation Dan Heisman,2010-08-26 Which side stands better How much better Why Most chess players rely on loosely knit unstructured methods to evaluate chess pieces and positions They learn positional principles which often lead to inaccurate evaluations and faulty decisions about how to proceed This groundbreaking book by best selling chess author Dan Heisman addresses the evaluation and understanding of how static features affect the value of the pieces in a given position Emphasis is placed on the static evaluation of each piece s value and its role in the overall position rather than the assessment of a

specific position but Heisman's approach can also be applied to help evaluate entire positions by helping to answer the questions who stands better by how much and why

Chess Words of Wisdom Mike Henebry, 2011-10-10 Chess Words of Wisdom is made up of the crucial information mined from over 400 chess books plus hundreds of magazine articles, videos, DVDs, web sites and various other sources all condensed into this one remarkably complete and one of a kind chess book. Chess Words of Wisdom quotes, paraphrases and summarizes the teachings of hundreds of experts, masters, IMs, GMs and even a few scientists, scholars and generals. Essentially all of the wisdom from these important sources is in this one book. Chess Words of Wisdom is a digest of hundreds of years of chess knowledge from the greatest chess minds in history. This is the must-know information for the well-schooled chessplayer at all levels from beginner to master. Chess Words of Wisdom is unique in that it is all text. There are no diagrams or analysis at all in the book. There is not a single game in the entire book. Instead, the book is jam-packed with essential chess knowledge in plain English. If you want to learn, if you want to thoroughly understand chess, Chess Words of Wisdom is for you. Chess Words of Wisdom is about understanding chess. There are no frills, cartoons or nonsense of any kind in it, just intense, cover-to-cover, concentrated chess instruction in the form of verbal explanation. This is an ideal textbook for chess teachers, coaches, trainers and all serious students of the game. It is for players of all strengths who are enthusiastic about understanding and mastering the game of chess. A 534-page one-of-a-kind chess book, it belongs in every serious chessplayer's library. It contains all of the useful, practical information from over 400 chess books plus many other sources. As a result, it contains more helpful information than certainly any other chess book in history. This is one volume treatise that covers nearly all of the essential concepts in chess. All you need to know about everything that matters. New In Chess Magazine Kudos: Just glanced through your book, which displays an enormous amount of research and chess erudition. Looking forward to some enjoyable reading. The late Larry Evans, U.S. grandmaster, author, journalist and five-time U.S. Chess Champion, it's definitely unique in its verbal approach, which is particularly useful, especially to adults learning the game. Jennifer Shahade, author, journalist, two-time U.S. Women's Chess Champion and FIDE Woman Grandmaster.

The Magic of Chess Tactics Karsten Muller, Claus Dieter Meyer, 2017-09-05 Chess is 99% tactics. So to be a good chess player, you have to spend a lot of your training time on tactics. Although basic tactics are explained in a number of good books, complicated tactics, the kind that separate tournament winners from the pack, require intuition, imagination and precision. *The Magic of Chess Tactics* helps you develop these qualities. Aimed primarily at aspiring chess players from club to master level who seriously want to improve their chess understanding, *The Magic of Chess Tactics* provides examples selected for both their entertainment and instructional value, as well as detailed explanations and exercises. Claus Dieter Meyer, chess author and FIDE Master, is a well-known analyst and professional chess trainer. Karsten Muller is an International Grandmaster and co-author along with Frank Lamprecht of the highly acclaimed *Secrets of Pawn Endings* and *Fundamental Chess Endings*. I have come to realise that there are basically

two types of chess tactics First simple kinds of combinations you need to know when you start to play chess I still believe they are the basis of everything Things that computers see in a half second But the book is not about them For those simple tactics old Koblenz books are more than enough This book is about complicated chess tactics the kind you sometimes need hours of analysis just to discover the truth of the position It s hard to see and calculate perfectly on the board one needs intuition imagination and precision It s not easy to develop these qualities but I believe that the present book full of examples and high quality analyses will help you achieve that objective Welcome to the magical world of tactics From the Foreword by Alexei Shirov *World Champion Tactics* Leonid Shamkovich, Eric Schiller, 1998-11 The definitive guide to the concepts and secrets of chess tactics as played by the world champions Cover *Forthcoming Books* Rose Arny, 1998-06 *Hungarian Book Review* ,1986 **Exam Secret** Dennis B. Jackson, 1978 *Essential Endgames Every Tournament Player Must Know* Craig Suveg, 2014-04-09 Frustrated with studying endgames that never seem to occur in your own games Finally help is here *Essential Endgames Every Tournament Player Must Know* is a carefully selected compilation of the most frequently encountered endgames occurring in practice This book contains vital lessons for every tournament chessplayer involving those endgames which can be defined by clear and concise rules summarized by the most important themes and require the application of specific technical principles to solve them **The British National Bibliography** Arthur James Wells, 2006 The Publishers Weekly ,1895 Bookseller ,1998 **New Statesman Society** ,1993-05 Kantar for the Defense Eddie Kantar, Edwin B. Kantar, 1983-03

Secrets Of Chess Tactics Introduction

In today's digital age, the availability of Secrets Of Chess Tactics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Secrets Of Chess Tactics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Secrets Of Chess Tactics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Secrets Of Chess Tactics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Secrets Of Chess Tactics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Secrets Of Chess Tactics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Secrets Of Chess Tactics

books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Secrets Of Chess Tactics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Secrets Of Chess Tactics books and manuals for download and embark on your journey of knowledge?
