Community Empowerment, Sustainable Cities, and Transformative Economies Taha Chaiechi, Jacob Wood, 2022-01-12 This edited volume presents the conference papers from the 1st International Conference on Business Economics Management and Sustainability BEMAS organized by the Centre for International Trade and Business in Asia CITBA at James Cook University This book argues that the orthodox methods of external risks climate change adaptation plans and sustainable economic growth in cities are no longer adequate These methods so far have not only ignored the ongoing structural changes associated with economic development but also failed to account for evolving industries composition and the emergence of new comparative advantages and skills Specifically this book looks at the vulnerable communities and exposed areas particularly in urban areas that tend to experience higher susceptibility to external risks such as climate change natural disasters and public health emergencies have been largely ignored in incremental adaptation plans Vulnerable communities and areas not only require different adaptive responses to climate risk but also possess unlocked adaptive capacity that can motivate different patterns of sustainable development to achieve the goals of the 2030 Agenda It is essential therefore to view transformative growth and fundamental reorientation of economic resources as integral parts of the solution Social disorganisation and vulnerability are other undesired outcomes of the unpredictable and widespread external economic shocks This is due to a sudden and tough competition between members of society to acquire precious resources most of which may be depleted during unprecedented events such as natural disasters or pandemics resulting in an even more chaotic and disorganised conditions

Safe Expat Picks Lucas Nguyen, AI, 2025-01-08 Safe Expat Picks delivers a comprehensive analysis of the world's most suitable destinations for expatriate living and investment focusing on the critical intersection of stability infrastructure and accessibility Drawing from extensive data provided by

international financial institutions and real world expatriate experiences the book presents a sophisticated yet practical approach to evaluating potential relocation destinations across six continents Through its unique three part structure the book systematically examines political and economic stability metrics across 30 countries delves deep into infrastructure assessment and provides detailed insights into residency pathways What sets this work apart is its proprietary ranking system which evaluates 50 different factors beyond traditional considerations like tax benefits or living costs The analysis incorporates crucial elements such as healthcare systems digital infrastructure and social integration potential offering readers a holistic view of expatriate opportunities The book combines rigorous financial analysis with practical implementation tools including detailed checklists and risk assessment templates making it invaluable for professionals planning international relocations or investors seeking geographical diversification While maintaining an objective data driven approach it acknowledges the importance of individual circumstances in decision making and provides actionable insights for both early stage planners and those actively preparing for transition The integration of demographic trends technological advancement and climate change considerations ensures readers can make well informed decisions about their long term expatriate ventures
