Collisions in the Digital Paradigm David John Harvey, 2017-03-23. It has been said that the only asset that a lawyer has is time. But the reality is that a lawyer's greatest asset is information. The practice and the business of law is all about information exchange. The flow of information travels in a number of different directions during the life of a case. A client communicates certain facts to a lawyer. The lawyer assimilates those facts and seeks out specialized legal information which may be applicable to those facts. In the course of a generation, there has been a technological revolution which represents a paradigm shift in the flow of information and communication. *Collisions in the Digital Paradigm* is about how the law deals with digital information technologies and some of the problems that arise when the law has to deal with issues arising in a new paradigm.
