## Chapter 21. THE THEORY OF CONSUMER CHOICE

### Questions for Problems and Applications

- Figure 21.1 illustrates part of the final two years of a family's budget constraint. Assume the price of coffee falls, but budget constraint remains fixed for the year.
  - What indifference curve represents the family's utility for the year?
  - What indifference curve represents the family's utility for the year? Assume the budget constraint shifts with the fall in the price of coffee. Is utility higher or lower? Why? What happens to the family's utility?

*Principles of Microeconomics* N. Gregory Mankiw, 1998      *Principles of Economics* N. Gregory Mankiw, 2001      A Guide to What's Wrong with Economics Edward Fullbrook, 2004 During a time of accelerating momentum for radical change in the study of economics *A Guide to What's Wrong with Economics* comprehensively re-examines the shortcomings of neoclassical economics and considers a number of alternative formulations      **Hayek and Behavioral Economics** R. Frantz, R. Leeson, 2013-01-31 An exploration of Friedrich Hayek's contribution to the foundation of behavioural economics and how his work interacted with and complemented that of his contemporaries Chapters include detailed discussions of the concept of rationality psychology and Hayek's philosophical theories as well as the historical context in which he lived and worked      **The Carbon Challenge** Geoff Bartram, Simon Terry, 2010 Facing the threat of climate change the world community has to meet a major challenge how to limit global emissions at the least possible cost to the welfare of this and future generations But actual policy implementation throughout the OECD has been slowed by entrenched opposition from emission intensive sectors of the economy reducing emissions produces losers as well as winners and hard choices have to be made This book charts New Zealand climate change policy since 1990 focusing on the interface between technical effectiveness and political sustainability The message is optimistic New Zealand can make the changes required by Kyoto at acceptable cost if political leadership is exercised firmly and impartially      **Essentials Econ Sg Ess Version** N. Gregory Mankiw, David R. Hakes, 2000-08 To accomplish your course goals use this study guide to enhance your understanding of the text content and to be better prepared for quizzes and tests This convenient manual helps you assimilate and master the information encountered in the text through the use of practice exercises and applications comprehensive review tools and additional helpful resources      **DC Confidential** David Schoenbrod, 2017-03-07 You think you know why our government in Washington is broken but you really don't You think it's broken because politicians curry favor with special interests and activists of the Left or Right There's something to that and it helps explain why these politicians can't find common ground but it misses the root cause A half century ago elected officials in Congress and the White House figured out a new system for enacting laws and spending programs one that lets them take credit for promising good news while avoiding blame for government producing bad results With five key tricks politicians of both parties now avoid accounting to us for what government actually does to us While you understand that these politicians seem to pull rabbits out of hats hardly anyone sees the sleight of hand by which they get away with their tricks Otherwise their tricks wouldn't work *DC Confidential* exposes the sleights of hand Once they are brought to light we can stop the tricks fix our broken government and make Washington work for us once again The book explains the necessary reform and lays out an action plan to put it in place Stopping the tricks would be a constructive inclusive response to the anger that Americans from across the political spectrum feel toward what should be our government      **Essentials of Economics** N.
