Fundamentals of Organic Chemistry T. W. Graham Solomons, 1986 Anyone who has suffered knows that there is no such thing as getting a grip on oneself or pulling oneself up by the bootstraps The only bootstrap in the Christian life is the Cross says Mason Sometimes laying hold of the cross can be comforting but other times it is like picking up a snake Job knew this firsthand From him we learn that there are no easy answers to suffering That the mark of true faith is not happiness but rather having one's deepest passions be engaged by the enormity of God And through Job we learn the secret of the gospel that mercy is the permission to be human The Lord never gave Job an explanation for all he had been through His only answer was Himself But as Job discovered that was enough The Gospel According to Job sensitively brings the reader to this realization using a devotional commentary format that reminds them that it's all right to doubt to be confused to wonder in short to be completely human But what will heal us and help us endure is a direct transforming encounter with the living God
