La Sāsavaḍakara,1978 *The Indian War of Independence 1857* veer savarkar,2020-09-14 Indian War of independence 1857 is a step by step account of the uprising of India against the ruthless british empire Tracing footsteps of the barefoot undernourished and almost unarmed Indian folks challenging the british bullets by sheer force of will power the author establishes beyond an iota of doubt that the foremost uprising was a war of independence and not a mere sepoy mutiny as dubbed by the british Following its launch the book became a bible for indian revolutionaries Declared banned by the British the book was then published in Holland and was smuggled to India and England and was sold and resold at a price of Rs 300 back in 1910 **Great Kings in The World** Manoj Dole, India is one of the richest countries in the world in terms of history and heritage Many great rulers have been born in our country in the history of the world The list in this book covers the kings who ruled India and other countries from BC to modern India The list may include some names who were not kings in the traditional sense but who played important roles in their kingdoms beautiful country India is the most populous democracy in the whole world This vibrant democracy is run with the help of a heavy political and executive machinery From around 600 BC the country has seen the ups and downs of various

empires and many great rulers were needed to ensure proper governance of this vast land Needless to say India has a vibrant history filled with fascinating tales of empires and rulers Here is a list of some such great rulers These mighty rulers and their regimes provide a glimpse into India s turbulent but glorious past Our great nation also came under fire from several Venab emperors including Cyrus the Great and of course the Persian Achaemenids led by Alexander the Great Over the years various kingdoms emerged here remnants of some of which still exist And in these states there are some states which have had a deep impact on the history and culture of India There are many kings and kingdoms that the world has seen So it is not possible to give a straight answer to the greatest king of all time as he has to face various situations and circumstances and even betrayals before the rise of his kingdom But in my opinion the list of kings in this book are the greatest kings the world has ever seen
