It is a dark time for England. Four generations after the Norman conquest of the island, the tensions between Saxons and Normans are at a peak; the two peoples even refuse to speak one another's languages. King Richard is in an Austrian prison after having been captured on his way home from the Crusades; his avaricious brother Prince John sits on the throne, and under his reign the Norman nobles have begun routinely abusing their power. Saxon lands are capriciously repossessed, and many Saxon landowners are made into serfs. These practices have enraged the Saxon nobility, particularly the fiery Cedric of Rotherwood. Cedric is so loyal to the Saxon cause that he has disinherited his son Ivanhoe for following King Richard to war. Additionally, Ivanhoe fell in love with Cedric's high-born ward Rowena, whom Cedric intends to marry to Athelstane, a descendent of a long-dead Saxon king. Cedric hopes that the union will reawaken the Saxon royal line. Unbeknownst to his father, Ivanhoe has recently returned to England, disguised as a religious pilgrim. Assuming a new disguise as the Disinherited Knight, he fights in the great tournament at Ashby de la Zouche. Here, with the help of a mysterious Black Knight, he vanquishes his great enemy, the Templar Brian de Bois Guilbert, and wins the tournament. He names Rowena the Queen of Love and Beauty and reveals his identity to the crowd. But he is badly wounded and collapses on the field. In the meantime, the wicked Prince John has heard a rumor that Richard is free from his Austrian prison. He and his advisors Waldemar Fitzurse, Maurice de Bracy, and Reginald Front de Boeuf begin plotting how to stop Richard from returning to power in England. John has a scheme to marry Rowena to de Bracy; unable to wait, de Bracy kidnaps Cedric's party on its way home from the tournament, imprisoning the Saxons in Front de Boeuf's castle of Torquilstone. With the party are Cedric, Rowena, and Athelstane, as well as Isaac and Rebecca, a Jewish father and daughter who have been tending to Ivanhoe after his injury, and Ivanhoe himself. De Bracy attempts to convince Rowena to marry him, while de Bois Guilbert attempts to seduce Rebecca, who has fallen in love with Ivanhoe. Both men fail, and the castle is attacked by a force led by the Black Knight who helped Ivanhoe at the tournament. Fighting with the Black Knight are the legendary outlaws of the forest, Robin Hood and his merry men. The villains are defeated, and the prisoners are freed, but de Bois Guilbert succeeds in kidnapping Rebecca. As the battle winds down, Ulrica, a Saxon crone, lights the castle on fire, and it burns to the ground, engulfing both Ulrica and Front de Boeuf. At Templestowe, the stronghold of the Knights Templars, de Bois Guilbert comes under fire from his commanders for bringing a Jew into their sacred fortress. It is speculated among the Templars that perhaps Rebecca is a sorceress who has enchanted de Bois Guilbert against his will. The Grand Master of the Templars concurs and orders a trial for Rebecca. On the advice of de Bois Guilbert,

who has fallen in love with her Rebecca demands a trial by combat and can do nothing but await a hero to defend her To his dismay de Bois Guilbert is appointed to fight for the Templars if he wins Rebecca will be killed and if he loses he himself will die At the last moment Ivanhoe appears to defend Rebecca but he is so exhausted from the journey that de Bois Guilbert unseats him in the first pass But Ivanhoe wins a strange victory when de Bois Guilbert falls dead from his horse killed by his own conflicting passions In the meantime the Black Knight has defeated an ambush carried out by Waldemar Fitzurse and announced himself as King Richard

IVANHOE, New Edition Walter Scott, 2015-02-06 In that pleasant district of merry England which is watered by the river Don there extended in ancient times a large forest covering the greater part of the beautiful hills and valleys which lie between Sheffield and the pleasant town of Doncaster The remains of this extensive wood are still to be seen at the noble seats of Wentworth of Warncliffe Park and around Rotherham Here haunted of yore the fabulous Dragon of Wantley here were fought many of the most desperate battles during the Civil Wars of the Roses and here also flourished in ancient times those bands of gallant outlaws whose deeds have been rendered so popular in English song Such being our chief scene the date of our story refers to a period towards the end of the reign of Richard I when his return from his long captivity had become an event rather wished than hoped for by his despairing subjects who were in the meantime subjected to every species of subordinate oppression The nobles whose power had become exorbitant during the reign of Stephen and whom the prudence of Henry the Second had scarce reduced to some degree of subjection to the crown had now resumed their ancient license in its utmost extent despising the feeble interference of the English Council of State fortifying their castles increasing the number of their dependants reducing all around them to a state of vassalage and striving by every means in their power to place themselves each at the head of such forces as might enable him to make a figure in the national convulsions which appeared to be impending The situation of the inferior gentry or Franklins as they were called who by the law and spirit of the English constitution were entitled to hold themselves independent of feudal tyranny became now unusually precarious If as was most generally the case they placed themselves under the protection of any of the petty kings in their vicinity accepted of feudal offices in his household or bound themselves by mutual treaties of alliance and protection to support him in his enterprises they might indeed purchase temporary repose but it must be with the sacrifice of that independence which was so dear to every English bosom and at the certain hazard of being involved as a party in whatever rash expedition the ambition of their protector might lead him to undertake On the other hand such and so multiplied were the means of vexation and oppression possessed by the great Barons that they never wanted the pretext and seldom the will to harass and pursue even to the very edge of destruction any of their less powerful neighbours who attempted to separate themselves from their authority and to trust for their protection during the dangers of the times to their own inoffensive conduct and to the laws of the land A circumstance which greatly tended to enhance the tyranny of the nobility and the sufferings of the inferior classes arose from the consequences of the Conquest by Duke William of Normandy Four generations had not sufficed to blend the hostile blood of the Normans and Anglo Saxons or to unite by common

language and mutual interests two hostile races one of which still felt the elation of triumph while the other groaned under all the consequences of defeat The power had been completely placed in the hands of the Norman nobility by the event of the battle of Hastings and it had been used as our histories assure us with no moderate hand The whole race of Saxon princes and nobles had been extirpated or disinherited with few or no exceptions nor were the numbers great who possessed land in the country of their fathers even as proprietors of the second or of yet inferior classes The royal policy had long been to weaken by every means legal or illegal the strength of a part of the population which was justly considered as nourishing the most inveterate antipathy to their victor
