Fitness Through Aerobics Jan Galen Bishop, 2004-05 Lifeguard Training Activities and Games is a complete resource for aquatics managers or lifeguard supervisors responsible for conducting site specific on the job training for lifeguards. The compilation of games, skill drills, activities, and guidance enhances training and conditioning of lifeguards and creates a high performing staff. Throughout the book, the focus is on keeping activities fun and engaging to promote participation and ensure your lifeguards acquire the skills they need in order to take action in an emergency. The book contains more than 70 proven training activities divided into chapters by type of lifeguard skill. Each activity is short enough to be part of an in-service or class warm-up session. Most have variations allowing for continued challenges of participants' performances through increasing levels of difficulty. The drills, games, and activities improve lifeguards' general aquatic skills and physical fitness, surveillance, emergency response, and rescue skills, and teamwork and problem solving skills. With this knowledge and training, you will be able to develop and maintain a high performing lifeguard staff.

Certification as a lifeguard is the first step in the overall training process. The real training begins on the job, and the responsibility for that training is left to the aquatics manager or lifeguard supervisor. Lifeguard Training Activities and Games makes that training fun, engaging, meaningful, and practical.
