1. OBJECTIVE

The objective of this interim report is to document the process results and process parameters obtained during the manufacture of [enter blend/granulate name and batch number] and [enter Cap/Tab product name and batch number] in the Manufacturing facility at [enter site name].

The [enter blend/granulate name and batch number] is the [first/second/third] validation blend in this study manufactured for the Local market. The [enter Cap/Tab product name and batch number] is the [first/second/third] run of three validation batches to be manufactured for the [Local /export] markets. Refer to table 1.0 below for details on all the validation runs covered in this report and from previous interim reports. A statistical review of these processes is
