Pilates: Full-Body Workouts for a Stronger, Sexier You Jasmine Evans, 2012-07-30 ABOUT THE BOOK Pilates is a kind of exercise that works both the mind and the body It improves strength without necessarily building bulk It also targets the core midsection and other muscles that often get neglected by other activities My introduction to Pilates happened at an early age For most of my life I was considered tall for my age with long legs and big feet My parents thought it would be a good idea to enroll their lanky toddler in ballet classes I continued those classes and other dance classes for over 14 years In high school I was a lean 5 8 ballet dancer and basketball player I still had big feet but they were complemented by long legs long arms and a long neck What did I have to complain about My midsection I was relatively slim but I had a pudgy middle In high school where appearances are everything I wanted to do something about it Fortunately around this time my dance instructor introduced the class to the Pilates method She said that Pilates is based off of the ballet moves many of us had been doing for most of our lives She promised that the method would flatten our midsections and make us feel taller My dance instructor made good on her promise After just 15 20 minutes of Pilates before we started dancing I felt taller Over time I felt slimmer I was hooked I ve been doing Pilates ever since and I love it I ve taken classes and I ve done several Pilates DVDs Of all the activities I participate in everything from running to basketball to kickboxing to Zumba Pilates is one that I always come back to because it is really so effective and important EXCERPT FROM THE BOOK Pull the part of your stomach area that is below your belly button upwards and inwards as if you are pulling it away from your belt line Keep your rib cage relaxed and breathe normally You should be able to feel the muscle contracting in your lower abdomen Another essential skill is being able to activate your pelvic floor Your pelvic floor muscles are at the base of your abdomen They control your bladder and bowel functions They also stabilize not only the pelvis but also the lower back If you have lower back pain are pregnant or experience incontinence learning how to control these pelvic floor muscles can really help How do you activate your pelvic floor Start in neutral spine position Contract the muscles you would use to urinate Breathe as you normally would Once you can handle activating your TA and your pelvic muscles separately try activating them together Ready for some advanced Pilates moves Great Here are six of the most common moves for experienced Pilates pupils Because sometimes it s easier to see the moves being done rather than reading about them many of the links in this section are to videos Advanced Pilates Exercises The Crab The Crab requires complete control from your core so it will give you a great ab workout It builds on exercises like the Roll Up but is slightly more advanced Start by sitting up straight Bend your knees almost Indian style and cross your feet at the ankles Bring your knees up to your shoulders and grab your feet with your hands Drop your head and allow your spine to curve as you prepare to roll Breathe in and roll back Control the movement Try not to let your limbs flail around Once you roll to your shoulders let go of your feet and switch your feet around Grab your feet again as you prepare to roll up Breathe out and roll forward Inhale as your head touches the mat Roll back to repeat the move Double Leg Kick This

move works the back extensors and the hamstrings primarily but it can be a total body exercise as well Start by lying face down with your head turned to one side and your feet together [The Complete Pilates Tutor Alan Herdman,2014-09-22](#) Whether you are just beginning your journey or have been practising for years this complete course in Pilates matwork is an invaluable resource taking you through all Pilates exercises as originally conceived and practised by Joseph Pilates Also included are pre Pilates moves which are especially helpful for beginners All exercises are shown step by step for beginner intermediate and advanced levels with instructions on adapting poses with supports such as cushions blocks and dynabands and alternative moves for those with special needs along with any contraindications Careful attention is given to how poses are executed safely and with maximum effect A fully illustrated chapter details the anatomy and physiology of the human body explaining its various functions and how each body system works Advice on setting up your own practice is also included **Pilates for Men** Sean Vigue,2018-04-05 The 1 Bestselling Fitness Book from International Fitness Instructor Sean Vigue Sean has helped millions of guy of all ages and fitness levels become stronger and healthier with Pilates why not YOU This all fitness levels easy to follow total Pilates training manual includes 35 dynamic Pilates mat exercises only your body weight is needed No equipment necessary complete with color photos descriptions and add ons modifications so you ll get a great workout no matter your age or fitness level There s also 6 complete Pilates workouts beginner intermediate advanced hard abs strong back athletic training so you can get moving right away and reaping the many benefits of adding Pilates to your life strength control endurance flexibility massive core strength agility focus and pure POWER You can also train directly with Sean as all of the 6 workouts have been filmed and added to his popular YouTube channel with links in the book It s always Sean s goal to make getting in incredible shape as convenient effective and fun as possible Never underestimate the importance of cross training combining of various exercises and workouts to work various parts of the body so Sean has included an exclusive training program link provided which includes 10 different diverse and challenging workouts from Power Yoga to Cardio Core You will never get bored with your workouts Pilates is the perfect stand alone workout or can be added into your current routines It s super convenient and can be done anywhere and anytime according to your schedule and will dramatically enhance your performance on every level for EVERY sport and EVERY activity Pilates has you covered [My Pilates Guru Anya Hayes,2012-04-23](#) My Pilates Guru provides the reader with the ultimate in practical instruction by combining the benefits of a fully illustrated book with a free companion iOS app My Pilates Guru LITE The book provides core illustrated theory and step by step guides to Pilates positions and exercises All the exercises are heavily illustrated making it easy for you to follow along at home and the book provides in depth instruction that takes you from the basics through to the more advanced exercises The book is structured to give core theory and explain the history of Pilates include instructions on the basic beginner intermediate and advanced positions and help with designing your own sessions The My Pilates Guru LITE application uniquely enhances the Pilates learning experience and is downloadable to
