Abstract

The paper briefly introduces and explains the essence of indigenous Oromo democracy and its main characteristics that are relevant for the current condition of Africa in general and Oromo society in particular. It also illustrates how Oromo democracy had functioned as a socio-political institution by preventing oppression and exploitation and by promoting relative peace, security, sustainable development, and political sovereignty, and how the *gadaa* system organized Oromo society around economic, cultural and religious institutions. Finally, the paper explores how the Oromo movement for national self-determination and multinational democracy struggles to revive and revitalize the Oromo democratic tradition.

Introduction

Prior to their colonization during the European Scramble for Africa by the alliance of European imperialism and Ethiopian colonialism (Holcomb and Ibssa, 1990; Jalata, 2005), the Oromo people were independent and organized both culturally and politically using the *gadaa* system (Oromo democracy) to promote their wellbeing and to maintain their security and sovereignty. But, today, the Oromo do not have any autonomous or democratic political representation; they have been ruled by the successive regimes of the Amhara-Tigray ethno-national groups that have been supported by global powers (Jalata, 2005; Holcomb and Ibssa, 1990). The Ethiopian colonial terrorism and genocide that started during the last decades of the 19th century still continue in the 21st century. Ethiopia, former Abyssinia, has terrorized and committed genocide on the Oromo people during the Scramble for Africa with the help of European imperial powers such as England, France, and Italy.

Traditional Institutions, Multiple Stakeholders and Modern Perspectives in Common Property Boku Tache, Ben Irwin, 2003 *The Journal of Oromo Studies*, 1993 **Oromo Nationalism and the Ethiopian Discourse** Asafa Jalata, 1998 **Oromo Democracy** Asmarom Legesse, 2000 This book reveals the many creative solutions an African society found for problems that people encounter when they try to establish a democratic system of governing their affairs. In much of what has been written about Africa, little is ever shown of indigenous African democratic systems under which there is distribution of authority and responsibility across various strata of society and where warriors are subordinated to deliberative assemblies, customary laws are revised periodically by a national convention, and elected leaders are limited to a single eight-year term of office and subjected to public review in the middle of their term. All these ideals and more are enshrined in the five-century-old constitution of the Oromo of Ethiopia, which is the subject matter of this book. In this book, Legesse brings into sharp focus the polycephalous or multi-headed system of government of the Oromo, which is based on clearly defined division of labor and checks and balances between different institutions. Revealing the inherent dynamism and sophistication of this indigenous African political system, Legesse also shows in clear and lucid language that the system has had a long and distinguished history during which the institutions changed by deliberate legislation and evolved and adapted with time. Amazon.com **The Oromo** Mengasha Rikitu, 2011 **Analysis of Philosophical Discourses Towards the Social and Political Values of the Oromo Mace System** Jiregna Assefa Deressa, 2022-10-02 HISTORICAL BACKGROUND ON THE STUDY OF THE OROMO GADAA SYSTEM Gadaa is an indigenous democratic governance system that encompasses all aspects of Oromo people. It administers social, political, economic, cultural, environmental, and religious issues of the Oromo for centuries. Gadaa is a lived experience and system of thought of the Oromo people. Legesse 2000, Jalata 2012, and other Oromo scholars share the Oromo gadaa framework is a law-based administration framework and has three interrelated implications: it is the evaluation during which a class of individuals accept politico-customary authority for a time of eight years during which elected authorities take power from the past ones and the institution of the Oromo society. Both Legesse 2000 and Jalata 2012 demonstrate in their investigation that the indigenous gadaa framework sorted out and ordered society around political, economic, social, and strict establishments. Election is the only way that the leaders hold the office for an eight-year term and peacefully transfer it to the next leader. Democratic elements and indicators of indigenous Oromo democracy include election of political leadership, terms of eight years in office, and the peaceful power transfer to the next elected political leaders. Thus, this study focuses on analysis of philosophical discourses towards social and political values of the Oromo gadaa system. As a system of thought and wisdom of black civilization, the gadaa system is worth critical examination and needs close observation to philosophize and ground it in African social and political philosophy. In its literal sense, philosophy is love of wisdom or a pursuit of knowledge. It is also a critical reflection on issues that are important in human life. It is commendable to analyze and understand philosophical discourses in moral, political, and African philosophy in

relation to gadaa system of thought and indigenous democratic political system Philosophical inquiry helps to understand oneself and as Kierkegaard defines philosophy is a search for selfunderstanding The need for the study of social and political values of the Oromo gadaa system arises out of social sufferings of the Oromo people Given the current social and political crisis we have to look back into the values in our culture indigenous governance system and ways of
