

# Nursing Foundations

## The Nightingale reformation;

- Florence Nightingale cared for the sick in Germany then pursued the next phase of her career.
- Due to the results of high death rates in Britain, Nightingale came up with a plan to get the sick and injured cured back to health. She assembled a team of women who were competent enough to nurse the ill back to health.
- Under Nightingale's supervision, the team improved the health of thousands.
- Nightingale lowered the death rate from 60% to 1%
- Donations were made from her hard work, she opened up her first training school for nurses at St. Thomas Hospital in England.

## Nightingale's contributions;

Nightingale is credited with positive change in nursing by:

- Training women for future work
- Selecting those with upstanding characters
- Improving sanitary conditions for the sick & injured
- Reducing death rates
- Providing classroom education and clinical teaching
- Advocating for lifelong nursing education

## Civil War Nursing;

- The civil war happened during the Nightingale reformation
- The union government appointed Dorothea Dix, who was a social worker, to select the group of nurses to care for the troops.
- Dix followed Nightingale's advice and the applicants were to be: *35-50 years old, educated, sober, neat, and had to have two letters of recommendation to attest to their moral character, integrity, and show compassion.*

## Art of nursing:

- Ability to perform a act skillfully
- Students learned this by watching and imitating the techniques performed by experienced nurses.
