(With answers and explanations)

JobTestPrep invites you to a free practice session that represents only some of the materials offered in our online practice packs. Have a glimpse into the web's leading online psychometric preparation institute.

What does this test contain?

The intention of this test is to provide a glimpse into the nature of a very popular numerical test format that is based on graph, chart and table interpretation. In these tests, as well as in our practice packs, the number of data sets can vary to include one to three graphs and/or tables for each question, and up to 4 questions per each data set.

Our [numerical reasoning practice packs](#) cover each and every test that is currently used by employers and assessment companies.

This is a short sequence of 15 sample numerical reasoning questions. The difficulty level of questions increases as the test progresses.

- Make sure you have a pencil and some paper for calculations.
- The use of a calculator is allowed.

GOOD LUCK!
