Chapter 12: The Geography and History of Latin America **Section 3: Modern Latin America**

Guided Reading

Instructions: Read the section and complete each item with words from the passages in this section.

1. Governments in Latin America often had times of instability since they gained independence. Many have been ruled by military leaders or dictator (people who rule with total authority, often in a harsh way).
2. Democratic systems have spread, however, in the past few decades.
3. One example of a Latin American dictator was Augusto Pinochet of Chile.
4. Many believe that Pinochet was able to keep communist from taking over the country, but others viewed him as a cruel leader who disrespected the rights of anyone who opposed him.
5. Even though elections are held in most Latin American countries today, there is widespread poverty, and liberal and socialist leaders dominate politics.
6. The war on drugs has been an ongoing battle in the United States and in many Latin American countries.
7. Mexico is working to restructure its police force and fund more opposition to drug cartels (criminal drug-trafficking organizations).
8. Cuba has implemented nationwide programs to keep drugs from being a major problem on the small island nation.
9. Unlike Cuba, where education and strict policing have deterred major drug problems, Brazil has large organizations that operate throughout the country.
