10 Years of Freedom Natascha Kampusch, Heike Gronemeier, 2017-04-25 In late October 2006 one of the most spectacular kidnapping cases of the younger past had come to end when Natascha Kampusch freed herself after being held captive in a hidden cellar near Vienna Austria for more than eight years Media companies from all over the world came to cover her life story which has taken quite some twists since then The result two autobiographies a feature film several documentaries and hundreds of interviews all within a decade 10 Years of Freedom offers us an insight into the impact such a nightmarish captivity has on a young woman's life It tells the story of a naive victim that had to learn to cope with the real world after being locked away for her whole youth The author spans a wide range of themes from her first days in freedom and the turbulent times after gaining it again to a never ending trauma which she will have to deal with for the rest of her life Natascha declares that she wasn't prepared to be a public figure after all but was suddenly confronted with a heavy and controversial media coverage including speculations by reporters regarding Stockholm syndrome and roleplaying along with being labelled cellar girl and sex slave Also wild conspiracy theories gained popularity resulting in several trials and review boards including police and FBI investigations Despite everything she found certain ways to reconnect with her family and even founded initiated several charity projects e.g. the creation of a children's ward in Sri Lanka or the support of PETA an organisation for animal rights Your book is remarkable 10 Years of Freedom I urge everyone to read it Piers Morgan ITV It's a very powerful read Huw Edwards BBC Very brave Emma Barnett BBC

The History of German Literature on Film Christiane Schönfeld, 2023-06-15 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE This book tells the story of German language literature on film beginning with pioneering motion picture adaptations of Faust in 1897 and early debates focused on high art as mass culture It explores analyzes and contextualizes the so-called golden age of silent cinema in the 1920s the impact of sound on adaptation practices the abuse of literary heritage by Nazi filmmakers and traces the role of German language literature in exile and postwar films across ideological boundaries in divided Germany in New German Cinema and in remakes and movies for cinema as well as television and streaming services in the 21st century Having provided the narrative core to thousands of films since the late 19th century many of German cinema's most influential masterpieces were inspired by canonical texts popular plays and even children's literature Not being restricted to German adaptations however

this book also traces the role of literature originally written in German in international film productions which sheds light on the interrelation between cinema and key historical events It outlines how processes of adaptation are shaped by global catastrophes and the emergence of nations by materialist conditions liberal economies and capitalist imperatives political agendas the mobility of individuals and sometimes by the desire to create reflective surfaces and perhaps even art Commercial cinema s adaptation practices have foregrounded economic interest but numerous filmmakers throughout cinema history have turned to German language literature not simply to entertain but as a creative contribution to the public sphere marking adaptation practice at least potentially as a form of active citizenship
