Fixed Revenue Accounting: A New Management Accounting Framework Kenichi Suzuki, Bruce Gurd, 2018-10-30 This book is the first in the management accounting framework literature to provide readers with insights on how to manage revenue and profit models by developing relationships with customers. The Principal Editor Professor Kenichi Suzuki is the founding father of Fixed Revenue Accounting (FRA) and his inputs offer invaluable insights on how businesses can increase revenue and adopt preventative measures to deal with the fluctuations in the economy. FRA is a new management accounting tool that evaluates and manages the impacts of fixed customers on a company's financial health. Their repeated purchases produce stability of revenue which in turn creates a stable profit environment and certainty. The profitability and stability generated by fixed customers can be utilized for strategic management planning and decision making to encourage investment for future growth.
