S. Vijayan,2021-12-22 This proceeding constitutes the thoroughly refereed proceedings of the 1st International Conference on Combinatorial and Optimization ICCAB 2021 December 7 8 2021 This event was organized by the group of Professors in Chennai The Conference aims to provide the opportunities for informal conversations have proven to be of great interest to other scientists and analysts employing these mathematical sciences in their professional work in business industry and government The Conference continues to promote better understanding of the roles of modern applied mathematics combinatorics and computer science to acquaint the investigator in each of these areas with the various techniques and algorithms which are available to assist in his or her research We selected 257 papers were carefully reviewed and selected from 741 submissions The presentations covered multiple research fields like Computer Science Artificial Intelligence internet technology smart health care etc brought the discussion on how to shape optimization methods around human and social needs *Analysis of Casting Defects*,1974

Advances in Interdisciplinary Research in Engineering and Business Management P. K. Kapur,Gurinder Singh,Saurabh Panwar,2021-04-22 The volume contains latest research on software reliability assessment testing quality management inventory management mathematical modeling analysis using soft computing techniques and management analytics It links researcher and practitioner perspectives from different branches of engineering and management and from around the world for a bird s eye view on the topics The interdisciplinarity of engineering and management research is widely recognized and considered to be the most appropriate and significant in the fast changing dynamics of today s times With insights from the volume companies looking to drive decision making are provided actionable insight on each level and for every role using key indicators to generate mobile enabled scorecards time series based analysis using charts and dashboards At the same time the book provides scholars with a platform to derive maximum utility in the area by subscribing to the idea of managing business through performance and business analytics *Shape Casting* Murat Tiryakioğlu,William Griffiths,Mark Jolly,2019-02-08 This book contains a collection of papers on the science engineering and technology of shape casting with contributions from researchers worldwide Among the topics that are addressed are the structure property performance relationships modeling of casting processes and the effect of casting defects on the mechanical properties of

cast alloys **Solving Casting Defect Problems with an Expert System** Thomas A. Phelps,1987 Data-Driven Optimization of Manufacturing Processes Kalita, Kanak,Ghadai, Ranjan Kumar,Gao, Xiao-Zhi,2020-12-25 All machining process are dependent on a number of inherent process parameters It is of the utmost importance to find suitable combinations to all the process parameters so that the desired output response is optimized While doing so may be nearly impossible or too expensive by carrying out experiments at all possible combinations it may be done quickly and efficiently by using computational intelligence techniques Due to the versatile nature of computational intelligence techniques they can be used at different phases of the machining process design and optimization process While powerful machine learning methods like gene expression programming GEP artificial neural network ANN support vector regression SVM and more can be used at an early phase of the design and optimization process to act as predictive models for the actual experiments other metaheuristics based methods like cuckoo search ant colony optimization particle swarm optimization and others can be used to optimize these predictive models to find the optimal process parameter combination These machining and optimization processes are the future of manufacturing Data Driven Optimization of Manufacturing Processes contains the latest research on the application of state of the art computational intelligence techniques from both predictive modeling and optimization viewpoint in both soft computing approaches and machining processes The chapters provide solutions applicable to machining or manufacturing process problems and for optimizing the problems involved in other areas of mechanical civil and electrical engineering making it a valuable reference tool This book is addressed to engineers scientists practitioners stakeholders researchers academicians and students interested in the potential of recently developed powerful computational intelligence techniques towards improving the performance of machining processes **Precision Forming Technology of Large Superalloy Castings for Aircraft Engines** Baode Sun,Jun Wang,Da Shu,2021-02-06 This book describes systematically the theory and technology of the precision forming of large complex and thin walled superalloy castings for aircraft engines covering all the important basic aspects of the manufacturing process including process design wax pattern ceramic molds casting and solidification heat treatment repair casting and dimension precision control The correlation of casting defects structural characteristics and performance of castings is revealed through a range of tests It also discusses the latest technologies and advances in this field such as imaging the solidification process by means of synchrotron radiography 3D computerized tomography and reconstruction of microporosity defects analysis and diagnosis of error sources for dimension over tolerance and adjusted pressure casting technology which are of particular interest Providing essential insights the book offers a valuable guide to the design and manufacture of superalloy casting parts for aircraft engines *Relationship Between Solidification Parameters and Casting Defects* Carlos M. Leon,1980 Transactions of the American Foundrymen's Society American Foundrymen's Society,1912 International Journal of Cast Metals Research ,2002 *American Foundryman* ,1955

This is likewise one of the factors by obtaining the soft documents of this **Casting Defect Analysis** by online. You might not require more period to spend to go to the ebook instigation as competently as search for them.
