الترجمة والعولمة استكشاف تقني يدرس تأثير التغيرات الجذرية التي طرأت في اقتصاد العالم على الترجمة المعاصرة. كان الاتجاه في وقت ما من تاريخ دراسات الترجمة، هو التركيز على الترجمة والنصوص. وقد قلّرت الدراسات الترجمة بين النصوص الأصيلة والنصوص المترجمة لتربطها جبري. ثم استخدمت نتائج التحليل لتشكيل قواعد متبعة أو قواعد وصفيّة (وذلك حسب المدارس) للتحيز الكمي. أما في العصر الحديث فقد ازداد التركيز على الترجمة والمترجمين. ويهود هذا جزئياً إلى الظهور الفوق لتاريخ الترجمة كمادة متفرعة عن دراسات الترجمة [..]. الكون الذي يول اهتمام كاف للترجمة والأصوات أو العناصر من عالم الأشياء التي يستعملها المترجمون أو التي تأثر بها عملهم على مرّ القرون. إن التفكير في العلاقة بين الترجمة والفضاء التكنولوجي بقي مختلفاً في الأساس. فالترجمة شأنها شأن كل نشاط إنساني، يستحيل تصورها خارج العالم المادي الذي توجد فيه.

Translation And Globalization Arabic Edition

Concepción B. Godev

Translation And Globalization Arabic Edition:

Translation and Globalization Michael Cronin, 2013-05-13 Translation and Globalization is essential reading for anyone with an interest in translation or a concern for the future of our world's languages and cultures. This is a critical exploration of the ways in which radical changes to the world economy have affected contemporary translation. The Internet, new technology, machine translation, and the emergence of a worldwide multi-million-dollar translation industry have dramatically altered the complex relationship between translators, language, and power. In this book, Michael Cronin looks at the changing geography of translation practice and offers new ways of understanding the role of the translator in globalized societies and economies. Drawing on examples and case studies from Europe, Africa, Asia, and the Americas, the author argues that translation is central to debates about language and cultural identity and shows why consideration of the role of translation and translators is a necessary part of safeguarding and promoting linguistic and cultural diversity. Translation, Globalization and Translocation

Concepción B. Godev, 2017-09-07 This book examines the spaces where translation and globalization intersect, whether they be classrooms, communities, or cultural texts. It foregrounds the connections between cultural analysis, literary critique, pedagogy, and practice, uniting the disparate fields that operate within translation studies. In doing so, it offers fresh perspectives that will encourage the reader to reappraise translation studies as a field reaffirming the directions that the subject has taken over the last twenty years. Offering a comprehensive analysis of the links between translation and globalization, this ambitious edited collection will appeal to students and scholars who work in any area of translation studies. *Translation and News Making in Contemporary Arabic Television* Ali Darwish, 2010

Harriet Beecher Stowe's "Uncle Tom's Cabin" in Arabic Abeer Abdulaziz AL-Sarrani, 2016-03-25 This book explores the challenges of cross-cultural translation of American literary works into Arabic, which I argue have prevented many nineteenth-century literary works from being translated into Arabic. I have used the Arabic translations of Harriet Beecher Stowe's *Uncle Tom's Cabin* and an abridged English text accompanying one of the translations as a case study. Since most of the Arabic translations of English and especially American literary works are merely linguistic-oriented ones, I reinforce the importance of adopting a period-specific, cultural-oriented approach that maintains the cultural context of American literary works, including the historical, cultural, religious, geopolitical, and gender-based elements during the literary translation into the Arabic culture. I start with discussing the internationalization of American works and the importance of a cultural reading of these works. Reviewing many translations of English and American works in general, I categorize the challenges of cross-cultural literary translation from English into Arabic into the following cultural, religious, geopolitical, and gender-based ones. While I am not calling for accurate cross-cultural literary translations since it is impossible, however, I am advocating for faithful translations which maintain the literary text's cultural and historical contexts. The accuracy of a literary translation depends on the amount of linguistic skill a translator has, while the faithfulness of a literary translation is based upon the

translator's sincere effort to include the literary text's entire cultural context including the historical, cultural, religious, geopolitical, and gender-based elements. Using *Uncle Tom's Cabin* as a case study, I discuss how the previous challenges had negatively affected the translation process of the work. Despite the fact the work has been translated seven times into Arabic, due to the linguistic-oriented approach, the historical and cultural significance of Stowe's novel has not yet been introduced to Arab readers through translation. Due to the current era of globalization that demands individuals to have multicultural knowledge and understanding and due to the recent cultural and translation projects of literary works from English into Arabic, this book reinforces the importance and possibility of addressing the cultural, religious, geopolitical, and gender-based challenges while using *Uncle Tom's Cabin* as an example.

Journalism and Translation in the Era of Convergence

Lucile Davier, Kyle Conway, 2019-04-24. How has convergence affected news and translation? Convergence is a chameleon taking a new colour in each new context, from the integrated bilingual newsroom of a legacy broadcaster to a newsroom in an outlet that has embraced multimodality from the very start. And yet, translation scholars studying the news have ignored convergence while media scholars studying convergence have ignored translation. They have missed the fact that convergence is intrinsically linked to language and culture. This volume brings together translation and media scholars to investigate different modes of convergence across platforms as they shape how journalists frame stories and understand their role in a multilingual convergent world. It opens a dialogue with scholars and students in applied linguistics, communication, journalism, languages, and translation, as well as translators, interpreters, and ultimately, journalists.

Globalization and Aspects of Translation Juliane House, Marilyn Gaddis Rose, Said M. Shiyab, 2010-02-19. This book is for students of translation, interpretation, linguistics, and languages who would like to enhance their understanding of the relationship between these areas of study. More specifically, the book attempts to capture the quintessence or the epitome embodied in the concepts of translation and globalization. It also attempts to bridge the gap between the globalizing and globalized worlds. It brings to light the diversity of areas in globalization and aspects of translation that have impacted the notions of cultural communication, translator's code of ethics, metaphorical meaning, code switching, media, etc. Scholars from different parts of the world contributed to this book, representing countries such as the US, Canada, Germany, Portugal, Switzerland, Belgium, Austria, Tunisia, Bahrain, Jordan, and United Arab Emirates. Those scholars have done their research in their home countries or other parts of the world. Because of this diversity, the editors believe this book genuinely offers an international experience. Thirteen chapters cover different aspects of globalization in relation to translation. Areas covered include but are not limited to faces of globalization, English as the world's most prestigious language in its role as a global lingua franca, ELF as a threat to multilingualism, on-line resources designed for trainee and practicing interpreters, translation as a paradigm, and aspects of literary translation. Each chapter provides a blend of theory and practice and a demonstration on how globalization impacted the profession and the notion of cultural communication. Examples are drawn from English
