Is getting a return on your investment of thousands of dollars per hour part of your plan? You've probably heard that the best place to hide a dead body is on the second page of Google. It's an expensive joke by the world-renowned SEO gurus, but practically true. In fact, statistics have shown that less than 1% of internet users click results on the second page of Google. That's why I've taken my time to create this comprehensive guide using practical examples and infographics to give an easy-to-understand overview of each topic. Even if you're no techie expert by any stretch, or a startup with no idea about SEO and needs to be spoon-fed the information, or you wish to save yourself some thousands of dollars hiring professionals, then this is the book for you. The wealth of ideas and solutions here include what I also learned from fellow insanely SEO experts like Neil Patel, Seth Godin, and Brian Dean to enable you to manage that business with finesse.
